the choice is yours*

Shopping Trolleys, Baskets & Accessories
High quality products and customer service...

We distribute high quality shopfitting equipment mainly, but not exclusively, trolleys and baskets. Formbar opened in 2005 and since then we have been stocking and selling only the best products we can source and delivering premium customer service to all so we still supply many of our original customers. Our customers include department stores, convenience stores, symbol groups, independent grocery retailers, garden centres, farmshops, shopfitters, distribution centres, online retailers and many more.

Whether it's 100 branded shopping trolleys for a retail store opening, 10 shopping baskets for a convenience store or a pick & pack solution for a warehouse, we provide a reliable and cost effective service to meet your requirements.

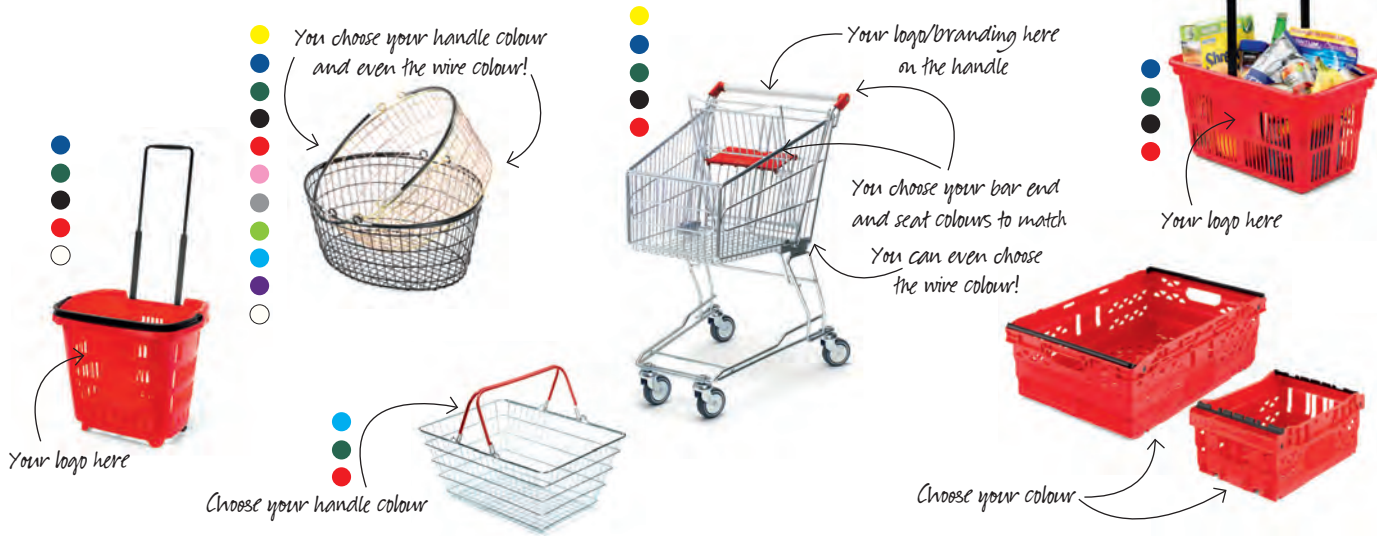

Formbar is a retail specialist offering:

- High quality products from European manufacturers
- Fantastic service to all customers large and small
- Very competitive prices and significant volume discounts
- Innovative products helping our customers stand out on the High Street
- Colour and branding customization options for all products
- New, reconditioned and second-hand products to suit all budgets
- Industry trend watch and new product development

Here are just some of the various colour options. If you have any specific requirements just ask us:

Colours, Branding, Style, you choose...

Standard Wire Trolleys

Here are a few of our most popular trolleys. To see our full range go to www.formbar.co.uk

60 Litre Trolley

80 Litre Light Trolley

120 Litre Trolley

180 Litre Trolley

25 Litre Children's Shopping Trolley With Flag

Your logo/branding here on the handle

Stock handle colours. If you need a specific colour just ask us!

You choose your bar end and seat colours to match

We stock brand new high quality Marsanz supermarket trolleys from the small 50 litre to the large 240 litre plus garden centre trolleys, merchandisers and more. Marsanz are one of the top three European trolley manufacturers and they produce a fantastic product that meets all European safety standards. We keep a good stock in our UK warehouse and we have regular deliveries from the factory so we can offer short lead times even on branded trolleys. Our trolleys are made to last and are easy to maintain, both attributes where some of our competitors can fall short. For security we offer the Systec £1 Smartloc, again another European product that is hard wearing and meets all the stresses of the retail environment.

Plastic Trolleys

Growing in popularity in Europe the Marsanz polysteel range could be the future for trolleys in the UK. Polysteel trolleys are strong, durable and come in a large range of colours, sizes and styles. They may decrease the theft rate due to the much decreased amount of metal used. Other advantages over standard wire shopping trolleys include more options on the ergonomically designed moulded handle for security & advertising and a double function baby seat which can either be used for a child or folded up to provide space for fragile shopping.

180 Litre Plastic Trolley

120 Litre Plastic Trolley

360°

Only 10kg,
lightweight
and durable.

Loop 100™ Litre
Plastic Trolley

30% less space
when nested

Smartloc compatible

The Loop 100™ is a new concept from plastics specialist Araven, the makers of the very successful Shop & Roll™ trolley basket which we have sold for a number of years. This 360° trolley has a continuous wrap-around handle which shoppers can pull or push from all directions, so it is easy to use and the freedom in mobility reduces aisle congestion and collisions. This compact trolley is lightweight, durable and has a tight nesting distance. It has all the attributes it needs to be popular with shoppers and retailers alike.

Our reconditioned trolleys are fully serviced, re-plated and have new casters fitted. They are a great option for stores working to a budget or who need to match an existing trolley in their fleet. Stock does vary depending on what we have been able to source but we always have a selection of shopping trolleys, flatbeds, garden centre/DIY trolleys, merchandisers, cages and picking trolleys. If you are interested in purchasing refurbished items then call with your requirements and we will always do our best to find what you need. As with our new trolleys we can offer a variety of coloured handles plus branding if required.

For more information go to www.formbar.co.uk or call 01865 858590

A new take on the traditional shopping basket, either 6 or 15 litres. Order from a standard range or design your own basket*

Shophie

The Shophie has a wide variety of applications. It can be used solely as customer baskets or as saleable branded merchandise. It could also be a "bag for life" giveaway or a hamper, the options are unlimited. It's an imaginative basket with flexibility in use and will definitely distinguish stores from other High Street rivals.

Don't forget, you can customize the Shophie with graphics, choose the colours, handles, size, the list goes on....

Just a selection of the colour options available!

Shophie Stacker
H 265mm x W 320mm
x D 270mm
Capacity:
8 x 6L Shophie
or 7 x 15L Shophie

*Subject to minimum order levels, lead times may vary.

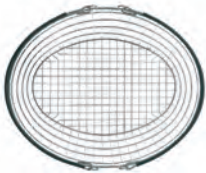

There were no cutting corners when we developed this premium oval shopping basket...

25 Litre Oval Wire Shopping Basket

The Ellipse™ is perfect for distinguishing stores from the standard chain retailers as it has an exclusive feel and unusual shape.

The Ellipse™ is a contemporary, extra capacity, oval wire basket, ergonomically designed with gently tapered sides giving an aesthetically pleasing look and feel. It is manufactured from high quality materials with a zinc plated finish. Formbar developed the clever design and we have a full patent* protecting it which makes the basket unique and exclusive. The Ellipse™ is comfortable to carry, stacks neatly into a bespoke 'cradle' and the extra capacity of 25 litres encourages increased customer spend.

Customize the Ellipse handle with your brand colour

W 470mm x H 190mm
x D 400mm

Stock handle colours are black, dark grey, navy blue and green but we can offer a large range of colours at low minimum order quantities.

Just a selection of the handle colour options available!

* Patent Number: GB2487609B; CN102602579A

For the more discerning customer

"The Ellipse is a high quality basket that helps to underline the differences between our store and the standard food retailers. Plus the extra capacity puts extra pounds in our tills so it is a real winner!"

Adam Vincent, Dike & Son Ltd, Dorset

"We were looking for a high quality, exclusive basket to fit with the unique and contemporary shopping experience our independent department store offers our customers. The Ellipse fitted the brief perfectly and we were able to brand colour match the handles so they look great in our store."

Janice Quilter Jarrolds Department Store.

Trolley Baskets

Formbar only stock and sell the original and best patented Shop and Roll™ Trolley Basket system. This trolley basket has much greater durability and customer satisfaction than others on the market. In stock we have two sizes of this wheeled basket with a telescopic handle, the 34 and 52 litre sizes. Logo branding can be applied to these baskets with options for as low as just 100 units. Popular with shoppers the trolley basket can increase customer spend due to the extra capacity and ease of use when compared to a hand basket.

One of our best sellers!

High Quality, Large Capacity Trolley Baskets

- The steel telescopic handle is great for easy pulling and has been tested for durability for over 50,000 cycles
- Vertically stackable which keeps space to a minimum
- Due to the extra capacity there is a considerable increase in spend per customer*
- Easy to clean, high quality finish
- By having two wheels fixed on the long side of the basket it is easy to tilt but then sits securely upright when not in use

*Manufacturers trials

ANTIBACTERIAL HANDLE

Inhibits bacterial growth

Prevents offensive odour

Non-toxic food contact safety

Skin irritation and toxicity test has been successfully passed
