

d-COLOR P3100

PERFORMANCE WITH STYLE IN THE OFFICE

STYLE AND QUALITY FOR A COMPACT SPACE

The **d-Color P3100** is the perfect solution for users who want their printer to provide quality as well as functionality. Quality reflected in a smart, compact design, superior colour printing, paper capacity of up to 850 sheets (250 sheets in the standard tray, 500 sheets in the optional tray, 100 sheets in the By-Pass).

Compact and lightweight, the **d-Color P3100** printer has a stylish, sophisticated design. Easy to use, fast and functional, this printer is intended for advanced professional users and complex workgroups, guaranteeing excellent printing quality and low energy consumption.

HIGH PERFORMANCE

The **d-Color P3100** is not just superior printing quality, but also high printing speed. It delivers up to 31 A4 colour pages per minute, with the first page out in just 12.9 seconds. The standard automatic duplex function (A4) guarantees a reduction in paper consumption and archive space, while the USB host port and 4-line LCD display make it possible to print directly from memory sticks with the optional HDD installed.

STYLE THAT CARES FOR THE ENVIRONMENT

Perfect print-outs in next to no time with full respect for the environment. The **d-Color P3100** minimises use of energy and paper, providing savings for the user and keeping a close eye on the environment (Blue Angel and Energy Star 2.0 compliant).
