Environmental Manual

Pub: CIP
Date: 2013
Code: CENVMAN
ISBN: 9781852631208

£205.00

The Environmental Manual is the leading sector publication on environmental issues within the construction sector. Providing a concise summary of environmental legislation, policy and best practice from design to construction delivery. Providing members from across the sector with a one stop shop resource for remaining compliant with environmental legislation. The manual covers 16 core topics ranging from design, procurement, ecology, contaminated land, waste and energy as well as incident management procedures and best practice.

Construction and the Environment Training DVD

Pub: CIP
Date: 2005
Code: CONENVDVD

£24.99
+VAT

This DVD provides site operatives with an overview of the environmental issues faced on a construction site. This overview should assist in maintaining compliance with the law, avoidance of environmental incidents and the promotion of good environmental practice. It consists of four separate modules, and the pack contains guidance notes to help guide the presenter through the film and offers suggestions to help the audience get the most out of the film.

Environmental Manual CD ROM

Pub: CIP
Date: 2013
