You'll want to tell everyone about this hidden gem.

LAUNDRY CHUTES

The hidden gem you won't want to keep secret

“living in a 3 storey house means lots of stairs, and too much to carry...”

OUR PRODUCT RANGE: We have exclusive access to the best quality laundry chute systems, which is why we can guarantee to provide you with a system to suit your home, and your budget. We offer more choice than any other laundry chute company - more sizes, shapes, colours and fittings. Our Laundryshoot and PYTHON chutes are not available anywhere else in the UK, and we are the largest Easyline distributor in the UK

SAFETY FIRST: Some things come as standard, simply because we believe in safety first, so all of our chutes come with fire rated doors that meet or exceed current regulations, for your (and our) complete peace of mind. And all of our products fully comply with current building regulations. We supply doors as standard with child proof handles and locks, and for extra safety precautions for children and pets we recommend that doors are fitted at least 1 metre above floor level.

LAUNDRY CHUTES
Make your life easier

“a friend recommended we get a laundry chute installed, so we looked at the options...”

“ the best decision we’ve ever made to improve our home, and our lifestyle. I would recommend one any day”

WHAT’S INVOLVED?: It’s a simple 4 step process...

1. **YOUR QUOTE:** First step is to get your quote. We’ll get this to you in 48 hours, and for better accuracy you can send us your house plans (especially important if you are having one built), so that we can assess the best layout for your system. We can quote for ‘supply only’ or ‘supply and installation’ (or both if you’d prefer). We’ll give you a quote for each of our 3 systems so you can choose the best option to suit you.
2. **YOUR CHUTE:** Once you’ve chosen the chute that best suits your house - and your budget, we can help you get started by supplying a CAD drawing so your architect can show you **EXACTLY** what it will look like. Of course your chute will remain hidden, only the doors will be visible, and you can choose whether to have these fitted flush to the wall, or surface mounted, as well as the colour.
3. **YOUR DELIVERY:** We’ll deliver everything you need, usually next day, and installation can begin. If you’ve chosen to have us supply and carry out the installation for you, you’ll have it up and running within a day.
4. **OUR GUARANTEE:** Enjoy your chute. If you have any queries we’re here to help and with our guarantees you can rest assured there are no on-going maintenance costs.

“the price was great, so we got started...”

LAUNDRY CHUTES

Delivered next day

Because we store all our laundry chute stock in the UK, we can usually deliver within 24 hours.

NOW YOU SEE IT... NOW YOU DON'T: All our laundry chutes are perfectly fitted, and there are many ways one could be fit into your home. Flush fitted doors can be effectively camouflaged, as illustrated above, making laundry fun, so even little ones will enjoy helping. We'll advise you of the best option to suit your house, and your lifestyle.

Watch our installation video on our website to see just how easily all our laundry chutes are installed, discreetly and quickly delivering washing to your machine - for hassle free laundry anytime.

"there were plenty of options

and installation was amazingly quick... thank you Neil and the team"

"18 months ago, I purchased 2 of Neil's laundry chutes (one for whites, and one for colours), each going down 3 floors, with a door on each level.

They have saved me hours of collecting and sorting laundry, and there are no more unsightly piles of dirty washing in bedrooms. Even the children are happy to use them, with clothing and bedsheets sliding straight into 2 baskets in the utility room. The product is fantastic and the service is great too.

If you get the chance to have one luxury item in your house, this should be it!"
