Scratch, wear and tear resistant

Low reflectivity to light

Easy to clean

Heat resistant

Hygienic

Suitable for contact with food

Over 60 years of research and technology

Since 1954 Arpa Industriale has been designing and manufacturing panels with high quality HPL technology for all interior fitting applications. Arpa HPL are produced at the 150,000 sqm plant in Bra, Piedmont. Over 60 years of investments in research, advanced technology, and personnel training have allowed Arpa to win over international markets and gain its consolidated reputation as a highly reliable player in the industry that stands out for the expertise of its personnel, excellence and variety of its offering, flexibility, and rapid service. Arpa is well aware of its social responsibility towards its stakeholders, but also society and the environment. This is why, in 2008, it adopted a Code of Ethics that regulates its shared practices and focuses on values, such as integrity, transparency, and sustainability. Arpa is ISO 9001 and OHSAS 18001 certified. Arpa products won several prestigious international awards just like "Interzum Best of the Best."
