SPECIFICATION

Sizes

Cubicle sizes are tailored to suit your requirements.

Material

11.52mm clear laminated toughened glass made up of 2 x 5mm glass panels with 1.52mm EVA interlayer with PAR 5mm/Dubb corners. Top rail is polished stainless steel tube. Brushed stainless steel brackets for securing panels to each other and to walls. Tamper proof fixings are available as an alternative.

Door

Each door is fitted with 2 brass hinges, incorporating anti-finger trap and anti-lift design. Door can open inward or outward to suite site requirements. Easy to use robust brushed stainless steel indicator latch.

Hooks

Single stainless steel coat hook.

Seat

Solid grade laminate (hardwood slat option available for dry areas). 10mm gap spacing around all edges.

Accessories

Available on request.

Colours

A selection of RAL colours are available. Top rail, hardware and door furniture are brushed stainless steel, requiring minimum maintenance.

We're happy to match other specifications or bespoke requirements.
