

## TEACHWALL 900 ELITE GLASS SLIDING FOLDING PARTITION

Fully automatic & manual  
glass panel system

Convenient and automatic, simply press a button, glass panels can be moved to a variety of individually pre-programmed positions under fully automatic control. The integrated monitoring system ensured that stops the panel movement the moment contact is made with an obstacle. The system operating behavior can be easily adjusted by parameter reconfiguration.

## TEACHWALL 900 ELITE GLASS SLIDING FOLDING PARTITION
