

ENERGY Mallet Hydraulic Ram Pump

The Energy Mallet Ram Pump with Camel Ball Valves and Hydraulic Drive.

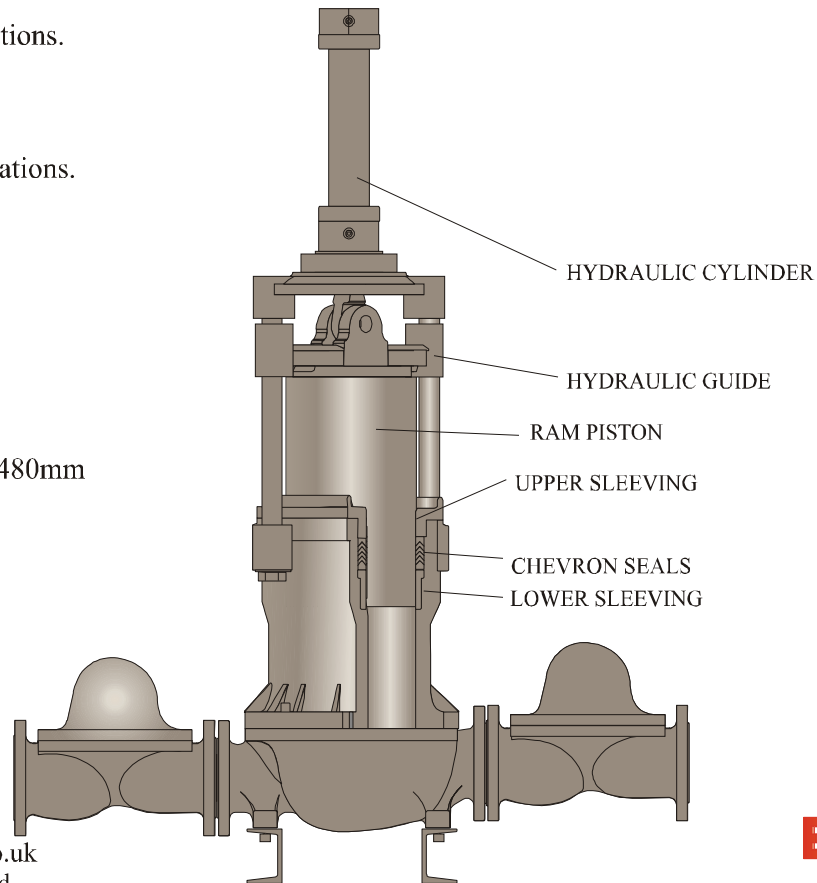

Energy Ram Pumps are;
The preferred pump in hundreds of Auto-desludging installations.
Designed with traditional engineering values in mind.
Reliable in a range of demanding applications.
Unique and virtually unblockable valving system.
Proven in a wide range of demanding slurry handling applications.
Fixed and variable flow rates available.
Highly reliable and easy to maintain.
High quality materials selected for longevity.
Personal help and advice for every enquiry.
Mechanically Driven version also available.

Technical Information:

Motor sizes - 3 kw to 55 kw
Pump sizes - 240mm, 270mm, 360mm, 380mm, 460mm & 480mm
pn16 Flange sizes - 100 / 150 mm
Max. Suction lift - 6 Metres
Max. Delivery head - 200 Metres
Max flow rate - 30lts/sec
Max. Solids size - 60 mm
Surge Arrestors - as required
