RIVERSTONE
IRFAX COMPANY

Hello!

We really hope you will choose to work with us
on your next signage project

In 1995 The Sussex Sign Company began as a family run partnership, and although things have changed since then, our vision has always been simple...

*To be the best sign company
in Sussex!*

More than 25 years on, that same purpose has seen us grow to a 4,000sq ft design and manufacturing hub with more 5-star Google reviews than any other signage business in the UK.

Needless to say, our biggest asset is our team. As specialists in customer service, design, manufacturing, installation and vehicle wrapping, they all have one thing in common - they're committed to helping businesses just like yours enhance their visual identity.

Our Vision

To be the best sign company in Sussex

Reasons why you'll love working with us

Great Service

From the first time you contact us, to the moment your new signage is installed, you'll have peace of mind you've chosen a team who cares as much about your project as you do.

High Quality

Combining the care of traditional craftsmanship with the precision of modern machinery, your sign is made from premium products that will stand the test of time.

Extended Care

We're so confident in the quality of our work that we'll guarantee it for 3 years, meaning there's no outlay in the rare event of any defects in the product or installation.

What our clients say about us...

I worked with The Sussex Sign Company to produce a mural for a client and the results were superb. The client loved the work produced and the standard of print and delivery was exceptional. The two men who turned up to put the print on the wall were incredibly helpful and so a credit to their business. They added so much to my own company credibility by their professionalism and care whilst dealing with my client. I have already built them into my next major project as I have no hesitation in working with them again.

Carl Lamerton
Lamerton Creative

The Sussex Sign Company were fantastic from start to finish. They responded quickly to our brief and really worked with us to make design changes and view alternative options before we committed to the order. Their customer service is excellent and they kept us updated throughout the whole process. The installation team were professional, tidy and had our new sign up in no time! Generally very impressed and would high recommend this company to anyone.

Georgina McLeod
Ecotecture

Best sign company I've ever worked with and that's saying something! Quick service very polite efficient and high quality of work. Had children's pictures put onto correx boards and they didn't even distort when enlarged...look amazing! Don't complain about the price with these guys, they're not the cheapest but you pay peanuts you get monkeys. I'm never going anywhere else. Signwriting on cars next!

Caroline Moore
The Mini Experience

The Sussex Sign Company fitted a signage project for me last week. Their courteous and considerate manner towards my client and the customers at the premises was second to none. I work with lots of contractors and, in my book, this should always be the case, but often I find that it isn't. The Sussex Sign Company team did themselves proud today.

Keely Smith
Cargo Design Studio

Having recently undergone a complete re-branding and refurbishment of our company, Norman, Anabel, Rachel and their team have played a major part in helping us achieve what our initial vision was, with a friendly, professional service. They have provided and fitted us with new fascias in two locations, vehicle wrapping of two smart cars, internal signage, new residential boards, slips and posts and lastly LED window displays. All of the signage is of great quality and they have continued the after-care service brilliantly. We couldn't recommend The Sussex Sign Company enough!

Wendy Adair-George
Marchants Estate Agents

Quality signage was supplied and installed by their expert and friendly fitters with no problems at our headquarters in Havant. Great communications from start to finish and nothing was too much trouble including the requisite H&S documentation and working safely on site - very impressive.

Whilst we're mainly based in **Sussex**, we've been known to help our clients as far afield as Scotland in the past!

Some
of the
services
that we
provide

Design

The most important thing about your signage or vehicle graphics is that they **look** good. Our in-house design team can provide visual mockups, explore designs, materials and finishes that make your brand stand out and all within your budget.

Installation

Your signs will be professionally installed by a team who provide the utmost care and attention to make sure it looks as good on the wall as it did on the visual. If you don't mind, we'd love to snap a photo for our gallery too.

Site Visits

Not sure what kind of signage will look best in your workspace? Our team can meet with you on site to look around, and recommend something that'll make sure you stand out from your neighbours.

Audit

Blocks of flats, large office spaces, schools and health care settings can all be mazes of doors and hallways. We can work with you to create a wayfinding scheme to keep everyone on the right track, we can even help make sure your statutory signage is up to regulation while we're at it.
