

CLOAKROOM
SOLUTIONS

 Cloakroom - Level 1

COMPANY INTRODUCTION

INTRODUCTION

We design and deliver coat storage cloakroom solutions, consulting with architects or venue owners and operators to accommodate the capacity and changing needs of each event or seasonal requirement.

We also offer a wide selection of stunning cloakroom furniture suitable for just about any commercial or public serving premises, from free standing coat stands to recess wardrobe rails.

CLOAKROOM DESIGN

Our approach to cloakroom design follows the following process:

- Establish the cloakroom storage requirement
- Discuss the allocated cloakroom space
- Preferred hardware – Hangers, hooks or a combination of both
- Provide plan layouts to determine optimum capacity
- Rail heights to allow for long & short coat storage
- Flexibility for bag storage
- Ensure isle widths and lengths are optimised for attendant efficiency
- Numbering & ticketing system
- Recommendations for counter widths to avoid bottle necks during busy periods

CLOAKROOM HARDWARE

COAT STORAGE

Our cloakroom and coat storage hardware can be:

- Floor fixed
- Free standing
- Wall mounted
- Mobile

All options can be custom made to suit the cloakroom space requirement and offer engraved numbering for easy identification.

BAG STORAGE

For bag and luggage storage we can offer modular 'cubbies' to accommodate various bag sizes.

UMBRELLA STORAGE

Umbrella storage can be via wall mounted, mobile or free-standing racks with drip trays or waterproof bags to hook over the hangers to be kept with a customer's coat.

TICKETING SYSTEM

TECHNOLOGY THAT OUTPERFORMS PAPER

We are proud to partner with the ticketless technology company, Chexology. With Chexology, the customer is their claim ticket. Gone are the days of slow lines caused by easy-to-lose paper tickets. Combine Cloakroom Solutions and Chexology for a faster, modern experience that builds customer trust and improves your bottom line. Together, we can move crowds from neighborhood concert halls and museums to stadiums. Your crowds!

If you want to improve your cloak check services, we highly recommend Chexology. We can work with you on new construction or retrofitting an existing space. Feel free to contact them directly through their website [Chexology.com](https://www.chexology.com), or for added convenience, use our exclusive referral code 'CLOAKROOM SOLUTIONS' when signing up through their website's signup form.

Say goodbye to long lines and hello to a digitized inventory and insightful analytics. Chexology really is the technology that outperforms paper.

The Chexology logo features the word "chexology" in a lowercase, sans-serif font. The letter "o" is replaced by a stylized orange location pin icon with a white checkmark inside it.
