

CASE STUDY

STRATHAVEN COMMUNITY NURSERY – ML10 6JT

SOVEREIGN
Bringing Imagination into Play

The nursery reached out to Sovereign to explore options for enhancing their outdoor play area while staying within their budget. Ben Waine visited the nursery, and together, with input from the children's great ideas, they chose a Play Ship as the focal point of the space, complemented by additional toadstools and some freestanding early years play equipment.

» FEEDBACK

Why did you choose Sovereign for the Project?

"Before the summer holidays we received a phone call from Sovereign introducing themselves and what they did."

What made Sovereign's design better than any others you received?

"We liked how Sovereign took into account the existing equipment and listened to what the children wanted to create in our outdoor space as well as our budget as we are a charity Nursery and have tight timeframes."

How did you find the design process?

"Very straight forward and to see our design come to life was great especially for the children."

How did you find the installation process?

"Very straightforward, Ben was onsite everyday keeping us updated."

» "We would highly recommend Sovereign.... as a small community nursery based in South Lanarkshire, we wanted to upgrade our outdoor space within our budget and contacted Sovereign. Ben came out to see us and instantly put us at ease! With Bens professional advice and with our children's ideas we designed and picked what we would like to transform our outdoor space. This was all achieved within a short space of time."
