INDUSTRIAL WORKBENCHES

From production lines to packing stations, our range of industrial workbenches offers the perfect solution for every task.

Designed for durability and adaptability, our workbenches can handle the demands of any environment. Our most popular benches are featured below.

➤ FOR OUR FULL RANGE OF INDUSTRIAL WORKBENCHES & ACCESSORIES, VISIT OUR WEBSITE

HEAVY-DUTY BENCHES

One of our most popular products, these benches are essential in heavy-duty environments. Supplied with a range of worktops and with or without accessories such as drawer units, shelves, lighting, tool panels and more, they can be completely customised to the needs of your workspace.

➤ VISIT OUR WEBSITE

ASSEMBLY BENCHES

With design flexibility these benches can be tailored to accommodate tool panels, storage systems allowing personalisation for the task in hand. A range of assembly benches for light industrial work, available in a variety of depths and with a range of drawer storage combinations. A well-designed range of accessories and add-ons are available for these benches including, shelves, lighting and tool panels.

➤ VISIT OUR WEBSITE

HEIGHT-ADJUSTABLE BENCHES

Whilst all of our benches are height-adjustable through mechanical leg adjustments, our range of cranked and motorised benches puts height-control into the hands of the user, allowing for a more flexible, agile, ergonomic workstation. Our motorised systems with double motors offer the user adjustable working heights at the press of a button. As with all our benches, a range of loads and depths are available and can be supplied with a variety of accessories including shelves, lighting, tool panels, drawer units and storage bins.

➤ VISIT OUR WEBSITE

INDUSTRIAL PARTITIONS

Create safe, efficient, and organised spaces with our range of industrial partitions – all customised to suit your environment.

Whether you need to separate work areas, secure equipment or even save money on heating, we have a solution to fit your requirements. Below are our featured products.

➤ **LEARN MORE ABOUT OUR INDUSTRIAL PARTITIONING SOLUTIONS BY VISITING OUR WEBSITE**

MESH PARTITION SYSTEMS

Our range of industrial mesh partitions afford a wide variety of applications including; machine guarding, storage & property protection, material handling and server cages. Customisable with different types of doors and locks to suit your needs. Available on short lead times, these partitions could make a difference to your workplace in no time.

➤ **VISIT OUR WEBSITE**

STEEL PARTITION SYSTEMS

Our range of industrial steel partitions are a great solution for easily dividing up areas of a warehouse, factory floor or office environment. Choose from single or double skin to ensure you get the right strength and stability for your work environment, and choose further customisations around doors, windows and ceilings. We also offer approved cleanroom partitioning, welding screens and noise dampening walls.

➤ **VISIT OUR WEBSITE**

CURTAINS & SCREENS

Gigant offer a large selection of industrial and protective curtains including; welding curtains, portable partition walls and noise dampening curtains. There are also a number of accessories available to supplement these such as galvanized track to allow you to hang these curtains wherever necessary in your workplace. Ideal for warehouses and factory floors, our curtain range also includes motorised roller curtains, minimising use of floor space in your environment.

➤ **VISIT OUR WEBSITE**

WORKPLACE FURNITURE

Designed for rugged and specialist use, our workplace furniture products enable ergonomic and safe environments.

From antistatic ESD chairs to heavy-duty lift columns and tables, we can supply the right furniture for your specialist environments. Explore our featured products below.

➤ FOR OUR FULL RANGE OF WORKPLACE FURNITURE PRODUCTS, VISIT OUR WEBSITE

LIFT COLUMNS

Quick and easy height adjustment is essential for ergonomic work, including the flexibility to work whilst standing or seated. Our range of lift columns caters for every need. The column is supplied as standard with electric height adjustment for single operation or parallel operation with up to four columns.

➤ VISIT OUR WEBSITE

LIFT TABLES

Lift tables take the strain, facilitate work and speed up operations. Gigant's extensive range of hydraulic lift tables include a wide choice of table sizes and load capacities from 400kg to 2000kg. We also supply E-shaped lift tables, which are frequently used for unpacking and packing in warehouses.

➤ VISIT OUR WEBSITE

ESD & ERGONOMIC SEATING

Designed primarily with the electronics industry in mind, all ESD safe fabric chairs are upholstered using Camira Hi-tech Static Dissipative fabric which has a carbon filament woven into the material to give a hardwearing static Dissipative surface. We also offer Medistat conductive vinyl or PU for those Laboratories or Cleanrooms requiring ESD safe chairs. Where our customers often require support is more bespoke solutions to ensure consistent, ergonomic support for their entire workplace, so we also support bespoke bariatric chairs for more ergonomic support.

➤ VISIT OUR WEBSITE

STORAGE SOLUTIONS

From tools to small parts, we understand the importance of storage for keeping the working environment tidy, safe and productive.

Whatever you need to store, in whatever environment, we can help. Check out our featured products below.

➤ EXPLORE THE RIGHT STORAGE SOLUTION FOR YOUR ENVIRONMENT ON OUR WEBSITE

WORKSHOP CABINETS & DRAWER UNITS

Our versatile range of workshop cabinets, cupboards and drawer units can be fully customised with an array of drawer options, tool panels and accessories to give you the perfect organisation and storage system. Drawer units come individually or affixed to workbenches, making them one of our most popular products.

➤ VISIT OUR WEBSITE

LOCKERS

In production, manufacturing, warehouse environments it is essential employees' belongings and clothing can be kept safe, tidy and secure. Our huge range of lockers cater for every need and come in every imaginable size, colour, finish and configuration, both inside and out. This includes the innovative cylindrical 'podbox' design on rotating base, device lockers with charging capabilities, and specialist lockers for cleanrooms, laboratories and uniforms.

➤ VISIT OUR WEBSITE

RACKING & SHELVING

Gigant has a broad range of stores fittings in the form of shelf stands, pallet racking and cantilever racking to meet just your needs. Our different systems are flexible and can be built out and supplemented with more sections or a number of different accessories all as your needs change. Our short or long-span shelving systems are easy to assemble and provide a sturdy and stable structure in minutes. All of These products are made from pre-galvanised steel which makes them durable, smart-looking, and free from electrostatic problems.

➤ VISIT OUR WEBSITE

WAREHOUSE TRANSPORTATION

Designed for safety and efficiency, our products help streamline your warehouse operations and ensure goods & equipment can be moved smoothly and securely.

Catering for a range of environments and goods, Gigant's warehouse transportation products have you covered. Our most in-demand products are featured below.

➤ ACCESS OUR FULL RANGE OF WAREHOUSE TRANSPORTATION PRODUCTS VIA OUR WEBSITE

PALLET TRUCKS, LIFTERS & STACKERS

Pallet trucks are a staple item for every environment receiving goods via pallets, and our range of reliable, long-lasting and easy to operate trucks cover all pallet sizes and weights. They come with a range of wheel types, including fixed and swivel, as well as nylon (hard, even surfaces) and polyurethane (uneven surfaces). Motorised pallet trucks, pallets lifters and stacker trucks are also available.

➤ VISIT OUR WEBSITE

TROLLEYS

Gigant has a functional trolley for every purpose. From large goods and board trolleys to table trolleys and platform trolleys. However small or large the items, our range of trolleys allows all items to be easily maneuvered. Ideal for commercial, warehouse and workplace use and suitable for heavy loads.

➤ VISIT OUR WEBSITE

CONVEYOR SYSTEMS

Our large range of conveyor systems includes scissor conveyors, roller conveyors, flow track and ball transfers. For stable consistent transfer of heavy goods and pallets, our roller conveyors work great, while our extendable scissor conveyors, supplied on castors are perfect for a more flexible system. Our high-tech ball transfer systems offer an alternative to conveyors and flow track, using pneumatically driven pop-up balls. All suitable for warehouse transportation or anywhere where an assembly line of some kind is in place.
