

Ranger seat, bench and table

Vandal resistance is designed into our Ranger series of outdoor furniture : all-steel construction and tamperproof fittings that are ideal for parks, streets, schools, playgrounds and open spaces.

All Ranger furniture can be bolted down to hard ground or anchored onto soft ground using our patented **Rootfast®** anchor system – no need for the inconvenience and expense of concrete.

Forest-Saver seat, bench and tables

Earth Anchors are pleased to introduce an environmentally friendly range of anti-vandal outdoor furniture ideal for parks, streets, schools, playgrounds and open spaces.

Forest-Saver boards are made from 100% recycled polythene waste supported by tough steel frames. The furniture can be bolted down onto hard ground or easily anchored onto soft ground using our patented **Rootfast®** anchor system – no need for the inconvenience and expense of concrete.
