Glass Highlighting

► Features

- Easy to apply
- Range of finishes

► Benefits

- Reinforces corporate brands
- Satisfies Regulation 14 of the Workplace (Health, Safety and Welfare) Regulations (1992)
- A low cost but effective design enhancement

► Applications

- Bars and restaurants
- Offices and public buildings
- Retail environments

Frosted vinyl when applied to glass can create the appearance of etching and can enhance the aesthetics of the glass.

Glass highlighting can satisfy Regulation 14 of the Workplace (Health, Safety and Welfare) Regulations (1992) which requires the marking of windows and glass doors to make them conspicuous.

Images and graphics can also be produced using digital print, further extending the range of creative design possibilities.
