

# kabin

2024

Think,  
focus,  
work,  
create,  
inspire.

An empowering  
space for deep  
focus, big ideas and  
vital conversations.

Kabin is a revolutionary workspace  
expertly designed for comfort and  
performance. A destination to harness  
your creativity and productivity.  
A place to achieve your goals.

# Comfortable

The distinctive experience of a Kabin makes a remarkable difference in your long-term productivity. Calming colours, soothing textures and natural lighting keeps you focused and inspired.

# Safe

Control within your Kabin space promotes a sense of confidence. Kabin's unique seating design delivers a feeling of refuge and protection like no other.

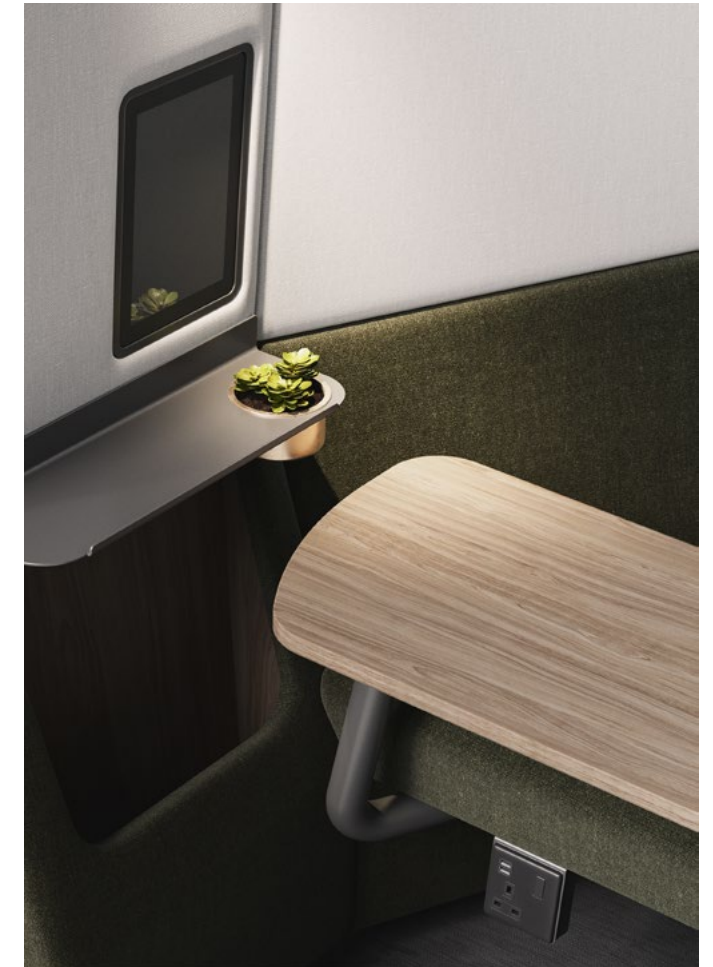

# Private

Kabin is designed to feel familiar, like your own personal space. Superior acoustics protect the most important conversations while eliminating unwanted noise and distraction.

# Flexible

Distinctive, cleverly designed and customisable, Kabin is quick to assemble and easily placed into position. Use Kabin to think, dream, connect and harness your creativity anywhere.

Kabin comes with innovative features designed to help you become more productive.

Step into the spacious interior and feel instantly at ease. Mood lighting and reading lamps adjust to suit your needs. Plenty of opportunity exists for personalisation, and generous storage comes as standard. The ample work table pivots away when you need to pause. Add our digital mood package for a sensory experience like no other.

## Kabin 2

Make face to face meetings more meaningful.  
Purpose built with space for two, explore  
big ideas in a comfortable, private and  
secure setting.

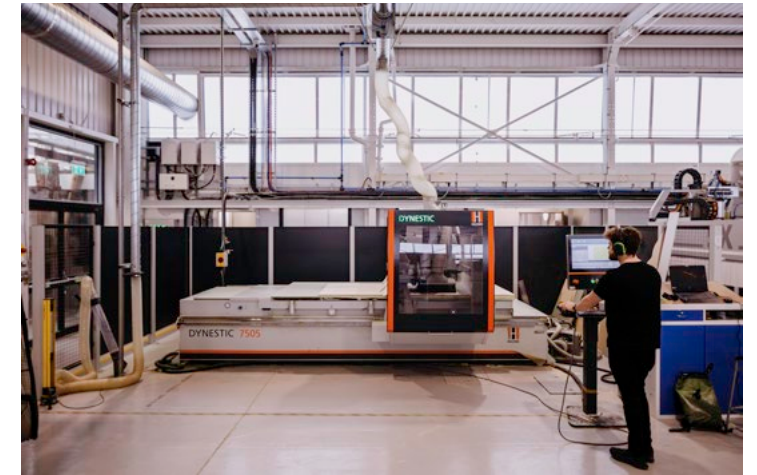

The Kabin experience comes  
in different shapes and sizes.

## Kubby

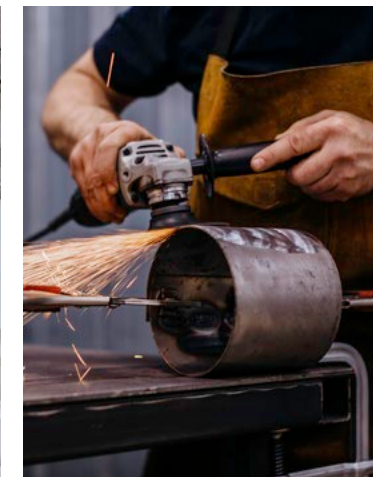

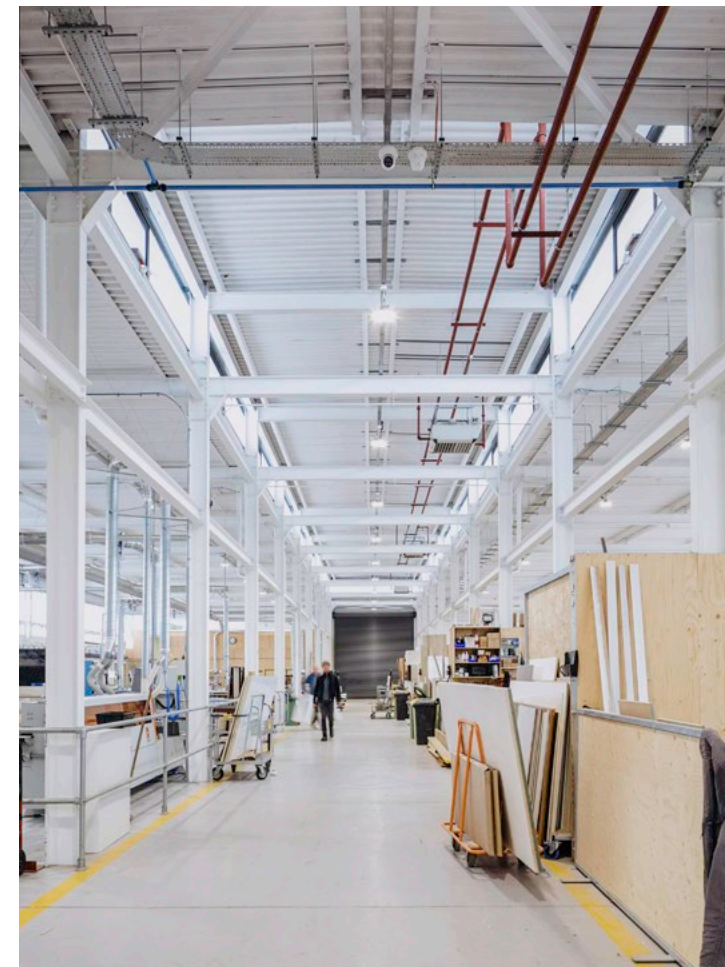

Enjoy a similar feeling of comfort,  
privacy and reduced distractions in  
a stylish compact form.

Kabin is made to the highest quality standards in our London factory. We use the latest manufacturing technology alongside our experienced craftspeople. Quality and comfort are built into each and every Kabin product for years of productive use and enjoyment.

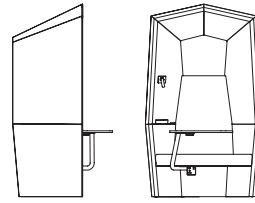

High-tech production made to feel handmade.
