Complete Security with Style

A modern office interior featuring several wooden desks with grey drawers, each equipped with a computer monitor and a desk lamp. Large windows with black frames are on the right side, and three large, dark, dome-shaped pendant lights hang from the ceiling. The floor is made of light-colored wood in a herringbone pattern. A blue curved shape is visible in the bottom left corner.

Protect your business and premises
with the most advanced intruder alarm technology.

Designed and Manufactured in the United Kingdom.

Motion Detectors

All our detectors have been expertly designed to detect the movement of intruders whilst avoiding unwanted false alarms.

Door & Window Contact Detectors

These monitor the opening of doors, windows, cupboards, drawers etc. Visible or hidden/covert versions are available in 3 different colours.

Shock Detectors

Shock detectors monitor windows and doors for vibrations caused by attempted break-ins and will activate an alarm before an intruder gains entry to your property. Visible or hidden/covert versions are available in 3 different colours.

External Sounder

This acts as a highly visible deterrent to inform potential intruders that your property is protected. It emits a 115-decibel alarm siren if your alarm system is triggered.

Illuminated Sounder

For an even greater security deterrent, illuminated versions are available to increase visibility during darkness.

External Sounder

First line of defence

Motion Detectors

Over 20 different versions, with a range of technologies to suit any installation.

Perimeter Detectors

A range of shock and contact detectors. Visible or hidden/covert versions available in 3 different colours.

Keypads

An extensive range of keypads, with a choice of finishes to suit any interior.

External Sounders

A visual and audible deterrent. Illuminated backlight option available.

Keyfobs

Allow you to remotely set/unset your alarm system. They can also be used to open and close garage doors/gates, trigger panic alarms, switch lights on and off and more.

Control Panels

The command centre of your system, with versions to secure every property from residential to large commercial.

Wired and wireless systems are available so that even the most inaccessible areas of your property can be secured in a neat, efficient and professional manner.
