

For Approved Business

Summer Newsletter

Welcome to the Summer 2024 edition of the Di-LOG Quarterly! This season, we're excited to introduce a ground-breaking new clamp meter (page 7) designed to streamline your work and enhance safety standards. Discover our latest tools, including advanced electrical testers and thermal imaging devices, all aimed at providing you with reliable solutions. Additionally, check out our featured best practices section, where industry experts share tips to optimize your workflow. Stay tuned for more updates and exclusive deals tailored for professionals like you. Re-CAL's upcoming calibration days are also included (Page 12) so you've got no excuse for missing your local Cal-day this year! There's also plenty of resources and recommendations for any spark looking to broaden their horizons.

Shared Specifications: (copy and pasted)

Enhance Asset Monitoring and Troubleshooting

- **Improve Speed and Effectiveness:** Detect equipment issues before they impact your business.

Exceptional Visual and Thermal Imaging

- **3.5" Screen (640 × 480 resolution):** Makes small image details stand out.
- **5 MP Visual Camera & LED Lamp:** Capture visual details, even in low-light areas.
- **FLIR MSX® Technology:** Enhances thermal image detail for better understanding.

Effortless Data Transfer with FLIR Ignite Cloud Software

- **Hassle-Free Sharing:** Eliminate the need for USB cards and cables.
- **Desktop Sync:** Overcome issues caused by damaged or missing SD cards and USB cables.
- **Secure Data Sharing:** Collaborate easily with your trusted team.
- **Edit Anywhere:** Create reports on mobile devices or a desktop, with ease.

User-Friendly, Professional-Grade Tool

- **Designed for the Occasional Thermographer:** Simple, rugged, and reliable.
- **Focus-Free:** Ensures thermal images are always captured at their best.
- **Built for Durability:** Proven by a 2-meter drop test, IP54 rating, 25 G shock, and 2 G vibration testing.
- **Professional Design Touches:** Includes intuitive touch screen image annotation, removable battery, and built-in lens protection.

Here's an additional article I have written to go with the FLIR Ex Pro-Series Promotion:

<https://dilogenergy.co.uk/article-flir-ex-pro-series-promo/>

But we'd rather direct people to the link above, as the category page has direct links to purchase, this was just so you could learn a smidge more about the product promotion without me having to type it all out here.
