

NEONATAL & MATERNITY

RANGE OVERVIEW

NEONATAL & MATERNITY

Our range covers award winning phototherapy, patient warming, radiant warmers, incubators, fluid and blanket warming cabinets and breast milk refrigerators and freezers.

We have partnered with leading manufacturers such as Okuman and Istanbul Medical to bring together a comprehensive range of innovative and high quality products for Labour Ward, Post Natal ward and NICU/SCBU.

TCB JAUNDICE METER

Offering fast and accurate scanning.

User friendly and comfortable for baby, option to include barcode scanner and USB transfer of data to PC.

MOBILE PHOTOTHERAPY

Operating at optimum wavelength with 32 super LEDs, a large active treatment zone and adjustable treatment intensity, the BC050 mobile phototherapy offers fast and effective jaundice treatment.

TUNNEL PHOTOTHERAPY

Offering 360° intensive phototherapy, the BC350LCD provides fast, effective treatment allowing for prevention of NICU admission or transfusion exchange, quicker discharge off the ward and more Mother/ Baby contact.

PATIENT WARMING SYSTEMS

The Medwarm neonatal system delivers a fast, safe, effective patient warming treatment.

Adult sizes also available

INFANT INCUBATOR

The OKM801 offers a stable, uniform temperature and humidity, fresh and sterile climate to give baby the perfect environment in which to progress.

TRANSPORT INCUBATOR

A safe, comfortable environment for baby during transfer. Specifically designed for the transporting of neonates safely, comfortably and with minimum stress.

INFANT RESUS UNIT

The OKM730 is designed to help you and baby in the first moments of life by keeping body temperature within the optimum range of 36.5°C – 37°C.

BREAST MILK FRIDGE REFRIGERATORS

Different sizes, same quality.

Our breast milk refrigerators are specifically designed to store human milk in optimum conditions

FLUID WARMING CABINETS

The ideal solution for warming medical fluids

QED FW-ECO models are perfect for warming bottles and bags of saline and other fluids in an operating theatre or maternity setting

BLANKET WARMING CABINETS

QED BW-ECO models are perfect for warming cotton blankets in operating theatre recovery or a maternity setting.
