

NEW 45 LITRE TROLLEY BASKET

Standard Colours:

Formbar proudly introduces our new 45L Trolley Baskets, designed with direct feedback from our valued customers on the 34L range. These baskets ensure a tidy and stable stack at store entrances, eliminating leaning and reducing the risk of tipping. With a wider and flatter base, they accommodate more products, increasing potential customer spend. Despite their larger size, they remain compatible with most tills and checkouts.

Featuring an anti-bacterial telescopic handle and a separate carry handle, these baskets are crafted with 25% recycled ocean plastic, underscoring Formbar's commitment to sustainability and customer well-being. This innovative range offers enhanced stability, capacity, and environmental responsibility, making them an ideal choice for retailers across the UK.

Key Points:

- Minimal stacking distance: 65mm
- 25% of materials used are recycled from marine debris
- Telescopic handle: adaptable to all heights
- Large, ergonomic anti-bacterial handle
- Light and convenient
- Hygienic stacking. Dirt evacuation system

Volume:	45L
Weight:	2.1kg
Maximum Carrying Load. Pulled	35kg
Maximum Carrying Load. Held	20kg
