Their Vast Experience Helped Me To Understand

“ Health and safety training can traditionally be dry but when delivered by Envesca, the subject came to life. The trainer's clear and vast experience helped me to understand the importance of what we were learning about. The examples and experiences he was able to bring to the training made us see how health and safety would impact on our own organisations. By relating the material to real life rather than just a manual, learners were able to retain the information easily. ”

“Deliver First Class Results

“As a customer I am very pleased that Envesca's growing reputation and success isn't reflected in their fees, which have always represented excellent value for money. Envesca consistently deliver first class results across their areas of practice and are all delivered in a way that everyone can understand. I highly recommend them.”

I Achieved My Objectives

I thought the Training Principles and Practice course was fun and very beneficial for my job, particularly the section on how to plan a training course. I received an early bird discount which made the price unbeatable by any other company offering the same course.

I would have no hesitation in recommending Envesca and this course, as it has given me the tools I need to deliver successful training programmes.

I Loved Every Minute

“

I have to say I loved every minute of this Level 3 Health and Safety course. The sections on COSHH and Risk Assessment I found particularly useful for my job. The trainer was the best trainer I have ever had in all the years I have been attending courses. ”

Professional And Efficient

“

As a result of working with Envesca, our team is motivated and up to date with all their training needs. We also have the reassurance that Envesca, with its professional and efficient approach, is there to support the management team with our yearly training plan and is able to help us further develop our Food Safety Management Systems based on HACCP principles. ”

Sarah Parker | Catering Manager
Cheltenham Ladies College

Improved Our Health And Safety Culture

“ The eLearning courses have saved time and money for the organisation. The training has resulted in the fostering of a culture that is positive, professional and knowledgeable in the area of health and safety and the feedback from the candidates has been purely positive. ”

Fun And Motivational

“ I really enjoyed the first aid course I attended, it was fun and motivational. I have learnt how to perform CPR, how to use a defibrillator and what to do in an emergency situation.

Brilliant course that I would recommend to everyone. ”

A True Rapid Response Team

“ We have been working with Envesca as our Health and Safety Business Consultants for over 9 years. During this time we have had a consistently high level of support, with the team working solidly to meet the needs our business. Envesca have been flexible enough to meet any unforeseen issues efficiently and effectively - a true rapid response team. Not only have they provided advice and support but they have carried out regular audits to help improve our business and helped to develop effective records and policies that support the health and safety needs of our business.

Excellent Support

“ I would like to thank you for all your support and encouragement whilst attending the Level 4 Food Safety Course. It wasn't easy for me having not taken a written exam for approx. 20 years, so achieving this success has given me the confidence to implement food safety at work with renewed enthusiasm.

Cost Effective Training Options

“ Whether you are providing training to our new staff during induction week, teaching existing staff new skills or refreshing the knowledge of staff who have already undergone training with you, you have been able to support us in all areas. What has been so beneficial during this time is the different cost-effective training options available to us. We look forward to many more years of our successful working partnership. ”

First Class Service

“

Envesca truly deserve the reputation they have established. I first engaged their services in 2001 and have been so impressed with their first class service and bespoke tailored packages, before and during each and every course. I would not hesitate to recommend them as a training provider.

The Trainer Was Great!

“

I recently attended a Level 2 Health and Safety course and it was extremely informative. Simon was great! I thought I had a good knowledge of health and safety but came away with so much more. Many thanks.

Excellent First Impression

“ It is often said first impressions go a long way, well that is exactly what first drew me to Envesca. They are an effective, efficient company with a taste for quality and an eye for detail.

Initially, I was looking for a training provider in London but to no avail. I knew what I was looking for and expecting, so I decided to extend my search area. The first company I spoke to was Envesca. They were highly organised and professional . They provided a personal touch and went the extra mile to make sure my needs were met. It was not the usual sales pitch but showed passion in what they did.

That was 12 years ago and I am still regularly training with them!

Excellent Advice and Guidance

Being a member of Safeguard Plus makes my life so much easier because I know Envesca will answer any health and safety questions I have. I have peace of mind knowing that all my legal obligations are met with the Health and Safety Management System they helped me to implement. The advice and guidance is invaluable.

Informative, Fun and Useful

The fire marshal course has made me far more aware of the need to check everything from exits to extinguisher to signage. Actually practicing setting off an extinguisher was extremely helpful too. I now feel confident that I know what to do if it was ever needed.

The course was informative and fun and full of useful information. The atmosphere was very relaxed, which was refreshing.
