IS USED FOR TERMINATING
2 AND 5 PAIR INSULATED CABLE CONNECTORS.**

Depth	42mm
Height	125mm
Width	90mm

ABT0361	Block Terminal 66B with no block inserts
---------	------------------------------------------

Details:

For terminating cables. 2 pair and 3 pair screw type inserts, supplied separately and fitted as required.

Block terminal 66B measures 125 × 90 × 42 mm, and is intended for external use and for terminating and joining external cable such as drop wire.

If a T-connection is desired in an exposed location, it is recommended that insulation-displacement jelly-filled splices be used within a 66B enclosure.

This product superseded Block terminal No. 18. Maximum cable diameter up to 12mm.
