Solutions for making life easier

EVO200 Inclined Platform Lift

The EVO200 Inclined Platform Stair Lift manufactured in Austria is designed to be installed onto stairways in public or residential properties. The lift is a safe, reliable and cost-effective accessibility solution for wheelchair, standing or seated users.

This lift can be installed internally or externally onto existing or new straight flights of stairs, with little or no structural modifications, usually within 1-2 days.

Standard Features

- ▶ Designed for wheelchair users
- ▶ Automatic fold up platform, ramps and barrier arms
- ▶ Platform size 800mm x 1250mm (Equality Act/Part M recommendation)
- ▶ Constant pressure directional controls on car
- ▶ 225kg rated load (300kg optional)
- ▶ Travel speed up to 0.11-0.15 m/s
- ▶ Platform sensitive surfaces to detect obstructions
- ▶ Lifting mechanism Rack & pinion drive
- ▶ Handrail & drive rack made of stainless steel
- ▶ RAL 9006 Silver metallic colour
- ▶ Power supply 1 Phase 230v to charger
- ▶ 24 volt battery drive operation
- ▶ Emergency manual lowering system
- ▶ Wireless landing call stations with key control
- ▶ CE Marked / EN81-40

Benefits

- ▶ Platform folds to narrow profile for maximum stairway clearance
- ▶ Side load (adjacent) available
- ▶ Folding seat (for semi-ambulant users)
- ▶ Wander lead (hand held control buttons for use by an attendant)
- ▶ For restricted spaces other platform sizes are available
- ▶ Quick delivery and 1-2 day installation
- ▶ Low maintenance and running costs
