MagPlay Activity Play Panels feature many traditional games and activities that are long-standing favourites in the playground. Manufactured using a safe, durable HDPE as the backing panel with a scratch-resistant, printed and laminated game panel recessed into the main panel. Each MagPlay game is supplied with all the necessary magnetic pieces to play the game or enjoy the activity.

MagPlay Activity Play Panels have been designed to fit in seamlessly with the rest of our activity panel ranges.

Standard size 800 x 595 mm, larger size 1200 x 800 mm.

The PlayTronic Panels covers a wide range of activities, including those that stimulate imaginative play, fun interactive play, informative play, engaging themes, role play and social play and awareness of surroundings.

All our electronics are available for both indoor and outdoor use with a range of power options and customisable features that you can take advantage of to make your own interactive activity for the playground.
