

Popular with all age groups, roundabouts are available in number of different sizes and styles.

Rotating on sealed taper roller bearings, our steel roundabouts can be powder coated in almost any colour combination.

Sizes are 1.5m, 2m and 2.5m with seating available on the 1.5m & 2m versions.

2m roundabout with steel seats

2.5m roundabout

Violet & light green

Dark green & ruby red

Dark green & Brown

2.0m ability roundabout

### Ability roundabouts

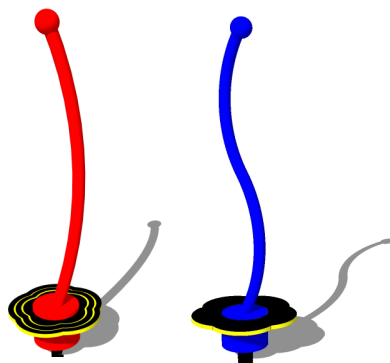

Installed flush to the ground these easily accessible roundabouts can be enjoyed by users of all abilities. Standing, seated or those who are in a wheelchair.

2.5m ability roundabout

### Twisters

With an S shape or single curved pole these 1.4m high x 0.5m twisters can be enjoyed alone or with a friend.

### Saturn Whirl

This 2m Saturn whirl is a fun alternative to our traditional roundabouts.
