# 358 High Security Fence

## Utility, Military & Commercial

JB Corrie & Co Ltd are a quality assured manufacturer & installer of the 358 High Security Fence.

358 mesh as it is commonly known was borne out of the need for a high security welded mesh in the Prison Sector, the mesh configuration of 76.1 x 12.5mm x 4mm wire both ways provides a cost effective secure solution.

The fence can be topped with an anti climb barrier such as barbed tape or backed with a PIDs system like the Gallagher Powerfence™ or similar intruder detection system.

JB Corrie provide design assistance from the outset. We are able to attend site & consult and advise then prepare drawings and proposals for your or your clients acceptance..

358 & Barbed Tape
