

Xtreme™ Rare Earth Grate Magnets

Round

PROGRADE

Standard Features

- All stainless steel construction
- "Ladder" style design
- 25mm dia tubes on 50mm centres
- Sanitary construction
- Glass bead surface finish

Round permanent magnetic Grate magnets remove ferrous contamination in hoppers, chutes, floor openings and other areas where free-flowing materials are present.

These round grate magnets are constructed to fit round processing lines or hoppers. The all-stainless steel unit is installed by simply placing the grate in the hopper with the ends of the magnetic tubes or tie bars resting against the sides.
