To Find Out More

## We can provide forklift and forklift attachment training!

It doesn't matter whether or not your attachment is a Contact Attachments' manufactured product. Our team is fully certified and experienced at providing product training on a wide range of forklifts and attachments.

### You can rest safe in the knowledge that our professional trainers:

- Are fully ITSSAR & NPORS accredited
- Are experienced & knowledgeable
- Have certified evidence of training
- Provide a nationwide service
- Offer 90 minute small group training sessions

To find out more or to book a training session, please contact us on **+44 (0)1686 611 200**

### Reminder

LOLER states that anyone who uses lifting equipment at work should have received appropriate training.
