

Wireless Nurse Call Systems in the NHS

Aid Call has been leading the way in the manufacture of nurse call technology for over thirty-five years. They offer safe, reliable healthcare solutions that are designed specifically for the hospital environment. With over 3,000 systems installed nationwide, you know you are in safe hands.

The Touchsafe Pro

Our newest innovation, the Touchsafe Pro, is an essential component of any healthcare establishment. Building on the success of our Touchsafe range, the Touchsafe Pro has been designed to heighten staff productivity and better coordinate call responses in order to provision for more efficient, person-centred care.

With new user-friendly touchscreens to further improve usability, increased flexibility to accommodate changing ward requirements and innovative features to increase functionality, the Touchsafe Pro is our most advanced system yet.

Twenty-five year call log history

HTM compliant

Next-Call-Waiting at the call point

Medication reminders

Leasing options

Cardiac and emergency configurations

Three year standard battery life

Staff training

Staff identification by name

XBee mesh network

Reassurance light

Nurse presence

Pear Push lead and accessory sockets

Antimicrobial

Silent system
