

Slatz

► Slatz Benefits

- Total interior sign programme in one system
- Versatile and easy to update

► Slatz Features

- Wall-mounted or free-standing
- Projecting or suspended
- Can be recessed

► Slatz Applications

- Hospitals
- Schools
- Offices and public buildings
- Shopping centre wayfinding and store guides

The Slatz concept is one of simplicity and versatility providing a total interior sign programme in one system.

Slatz signs, whether a single-sided self-standing desktop sign, a double-sided suspended directory, or a complete store guide, can all be made from a small number of components.

Stocksigns can colour match Slatz and text to any colour and, of course, any font style ensuring the continuity of any sign updates or future changes.
