

The **SIGN** Catalogue

Your comprehensive signage directory

Legislation and Guidance

The Health and Safety (Safety Signs and Signals) Regulations 1996 require employers to provide and maintain safety signs where there is significant risk to health and safety that has not been avoided or controlled by other means (e.g. safe systems of work) provided that the use of a sign can help reduce the risk.

Throughout this catalogue you will find guidance about;

- ▶ Risk assessment
- ▶ Use of pictorial symbols
- ▶ General health and safety signs
- ▶ Fire/emergency escape signs
- ▶ Positioning of signs
- ▶ Marking of hazardous storage areas and obstacles
- ▶ Dangerous locations
- ▶ Identification of pipelines

ISO 7010 is the International standard for safety signs.

ISO 7010 was developed to provide consistency in design across the EU. Stocksigns has incorporated the new designs and you may notice some design changes to the symbols whereas others are virtually unchanged.

The majority of British Standard symbols have been adopted by ISO and as such have now been encompassed into UK safety legislation.

Use of Symbols and Graphical Images

The use of symbols and graphical images is a simple safety system used to convey safety messages at a glance. Colours and symbols, appropriately used, provide information and warnings of hazards which are essential to personal safety.

Prohibition

A red circular band with diagonal cross bar on a white background, the symbol within the circle to be black denoting a safety sign that indicates that a certain behaviour is prohibited.

Hazard

A yellow triangle with black border and symbol within the yellow area denoting a safety sign that gives warning of a hazard.

Mandatory

A blue circle with white symbol denoting a sign that indicates that a specific course of action must be taken.

Fire Equipment

A red rectangle or square with symbol in white denoting a safety sign that indicates the location of fire fighting equipment.

Safe Condition

A green rectangle or square with symbol or text in white denoting a safety sign providing information about safe conditions.

Stocksigns Accreditations and Associations

Material Choices

Aluminium

Aluminium is a long-lasting durable coated metal that can be used for both interior and exterior signs.

Series code - 10

Reflective Signs

Class 1 or Class 2 reflective material is adhered to aluminium composite as standard, but can be supplied as a vinyl or applied to any rigid substrate. Generally used for traffic signs that can be post or wall mounted.

Series codes - Traffic 70, Safety 75

Rigid PVC Plastic

Our best-selling material choice, 1mm semi-rigid plastic PVC is suitable for interior and exterior use. Signs are supplied with square corners, no holes as standard.

Series code - 20

Correx

A durable yet lightweight corrugated PVC material particularly suited to temporary signs. Available in 4mm and 10mm thicknesses.

Bespoke material on request

Photoluminescent

(Rigid Plastic and SA Vinyl)

Photoluminescent signs provide temporary visibility in the dark making it ideal for fire signage. In line with the PSPA, standard signs are produced on Class B, with Class C material available on request.

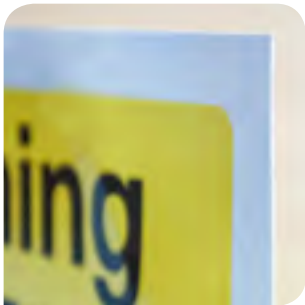

Series codes - RP 21 / SAV 31

Foamex

A versatile PVC foam sheet with a smooth matt finish. This material is often used for temporary signs requiring a superior look. Available in 1, 3 and 5mm thicknesses.

Bespoke material on request

Self-Adhesive Vinyl

A cost effective high gloss PVC with a peel off backing, self-adhesive vinyl is ideal for interior signage. This material adheres to most smooth, clean surfaces including curves.

Series code - 30

Acrylic

Acrylic is a versatile material that is both lightweight and shatterproof. Best suited to internal signs. This offers a cost effective and safe alternative to using glass. Available in 3, 5 and 10mm thicknesses.

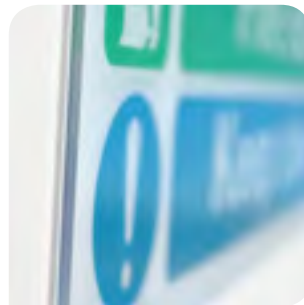

Bespoke material on request

Aluminium Composite

A rigid yet lightweight composite panel which offers a cost effective alternative to standard aluminium. With minimal scrap value, its use can help deter signage theft. This material is ideal for internal and external use.

Series code - 11

Polycarbonate

Polycarbonate is a clear material used as an alternative to acrylic. A very versatile material with a gloss finish. Compared to acrylic it has a higher impact resistance, is more UV stable and temperature resistant.

Bespoke material on request

Brushed Stainless Steel

Brushed Stainless Steel is available in two grades. 304 grade material provides a prestigious look ideally suited for internal signs. 316 marine grade available on request for external signs.

Series code - 60

Special Effect

Aluminium Composite

Available in both mirrored gold and brushed silver finish. These special effect finishes create a contemporary look when used on internal signage.

Bespoke material on request

Installation Guide

Prior to buying your sign it is important to consider where the sign will be used and from what distance it needs to be viewed.

The diagram below is intended to be used as a guide only.

For further advice speak to our sales team on 01737 774077.

Recommended installation heights:

Above doors:

2m - 2.5m
from floor level to base of sign.

Directional wall fixed signs:

1.4m - 2.0m
from floor level to base of sign.

Easy Ordering

Understanding the Code

All of our standard products featured in this catalogue are identified by a unique five or six figure product code, followed in most cases by a size code consisting of two letters. e.g. **20 11090 RG**

10 20 30 11090 KD | RG

MATERIAL CODES

This tells you the materials the sign is available in.

e.g: **10** = Aluminium
20 = Rigid Plastic
30 = Self-Adhesive Vinyl

SIZE CODES

These are the sizes that the sign is available in. (See price grids for size identification)

PRODUCT CODE

This is the unique product code for that design.

How to Order

STEP 1

- ▶ Find the sign design you require.
- ▶ Note the product code.

STEP 2

- ▶ Choose the material you require.
- ▶ Use our material guide on the left to select the most suitable material for the job.

STEP 3

- ▶ Look at the sizes your sign is available in.
- ▶ Use the price grids for size codes.
- ▶ Choose the most appropriate size using the installation guide above.

To order this sign in Rigid Plastic size 600 x 200mm

use the code: **20 11090 RG**

Prices can be found by using the grids at the bottom of the pages or in the price list enclosed. (Except where items are separately priced).

Payment

- ▶ Choose your payment method: Credit Card - We accept Mastercard, Visa and American Express.
- ▶ Cheques should be made payable to Stocksigns Ltd.
- ▶ Accounts - We will be happy to open a credit account for you (subject to a standard credit check). All such sales are payable no later than 30 days from invoice date.
- ▶ BACS Payment welcome. Our account is: The Royal Bank of Scotland plc.
Account No. 23111244 Sort code 16-00-15
All prices are exclusive of Value Added Tax
- ▶ Phone, post or e-mail (sales@stocksigns.co.uk) your order.

By submitting your order, you confirm that you have read and understood our terms and conditions and agree to be bound by them (please see our T&C's online at www.stocksigns.co.uk or call 01737 774077 for a copy).

RETURNING A PRODUCT

We expect our products to meet your expectations. However, if you do need to make a return, you MUST use our Returns Procedure.

Please contact our Customer Services Team on 01737 774077, or at info@stocksigns.co.uk, to obtain a returns reference, and subsequently making sure that the packaging is robust enough to avoid damage in transit. On certain returns a re-stocking charge may be applicable.

Our Services

Professional Site Survey

At Stocksigns we pride ourselves on our experience across many industries. We've successfully managed projects from airports and quarries, to schools and commercial premises.

We have experience with an extensive range of materials from vinyl graphics, through to large illuminated monoliths and everything in between.

If you are embarking on a project and need professional help and support, our site survey specialists are available to help. They can offer advice and expertise to ensure the wayfinding, health and safety and corporate branding in your workplace are legislation compliant and reflective of your company and brand.

Installation

Alongside our professional surveyors, Stocksigns have a dedicated team of fitters and installation experts.

The team operate throughout the UK and over our long history we have experience of installing everything from single signs to managing large scale installation projects.

We recognise the importance of working safely on-site and Stocksigns are proud to be accredited members of the SafeContractor scheme. This accreditation demonstrates that we operate under recognised high health and safety standards.

In addition, all our installation crews are CSCS (Construction Skills Certification Scheme) certified, Asbestos Trained in line with UKATA, certified by UPAF standards to operate Mobile Evaluating Work Platforms and hold current First Aid certificates.

Delivery Services

Orders for stocked standard signs will be despatched next day and will take between 2-3 days for delivery. Custom made orders will be despatched within 5 working days from receipt of order.

If you require these signs urgently, you may wish to use our premium service, where your signs will be despatched as priority. Please speak to the sales team regarding this service.

Export

Worldwide despatch is no problem. Our Export Sales Team is happy to provide quotations for any quantity of signs for any country.

Collection

At our Trade Counter in Redhill, signs can be purchased and/or collected between 8.30am and 5.00pm Monday - Friday.

Delivery Costs

The charge for packing, delivery and insurance to most UK mainland postcodes is FREE for standard orders over £50.

Standard Product Delivery Charges

- ▶ Orders under £20 (Depending on size and weight) - **£1.95**
- ▶ Orders up to £49.00 (Depending on size and weight) - **£6.75**
- ▶ Orders over £50.00 - **FREE**

Custom-made Signs Delivery Charges

- ▶ Orders less than 10kgs - **£7.50**
- ▶ Orders 10 - 20 kgs - **£13.50**
- ▶ Orders 20 - 50 kgs - **£25.00**
- ▶ Orders over 50kgs - **POA**

For **Premium Service** delivery rates, export, Scottish Highlands and off-shore locations, please contact our Sales Team on 01737 774077 for prices.

Floor Graphics

Floor Graphics

Subsurface printed and overlaminated with non-slip clear protection. These signs will adhere to most clean, smooth and sealed floor surfaces and will be ideal for reinforcing your safety policy. In some situations these floor signs can be more conspicuous than wall fixed signs. Not for external use. We can manufacture floor graphics to your own specifications.

Call our Sales Team for details on 01737 774077.

LEGISLATION

Our 60 years of experience will give you the confidence that Stocksigns has the depth of knowledge and expertise to be able to advise you on any signage issues you feel unsure of, giving professional advice in plain English.

Brass Tags Specification

Indoor life	15 years
Outdoor life	5-7 years
Upper temp	600C Natural
Lower temp	-40C
High/Low PH	Poor
Alcohols	Natural=Good

Valve Tags

High quality, long lasting engraved valve tags can be used in conjunction with pipe marking identification to help you comply with legislation.

Round tags come in 1.6mm Brass or 1.6mm Traffolyte engraved with sequence numbering and/or 5 characters. Brass tags are engraved and can be ink filled. Traffolyte tags come in a range of nine different colours, in packs of 25 from 1-25 onwards. (See table below)

How to order your Tags

Using our extensive table at the bottom of the page:

1. Choose tag size dia: 27, 33 or 38mm.
2. Choose material.
3. Decide pack numbering.
4. Locate code number.

Tag Prices		27mm	33mm	38mm
Brass	Natural	£51.69	£51.69	£54.11
	Filled	£55.14	£55.14	£57.88
1.6mm Traffolyte		£41.36	£41.31	£41.31

Example: Quote ref: 6 00041/R when ordering a pack of 25 tags, sequence numbers 201 to 225, Traffolyte material, Red.

SITE SURVEY SPECIALISTS

Ensuring that your premises complies with the latest safety legislation is essential. If you are uncertain as to what exactly is required a Stocksigns Site Survey can help you.

Our site survey staff can give you the confidence that your signage is compliant with the latest legislation and best safety practices.

- ▶ Carried out at your request and at a time convenient to you.
- ▶ Provides advice on positioning, types of material and size of sign.
- ▶ Ensures that your workplace is complying with appropriate regulations.

12 per sheet £3.63

WEEE Labels

On 1st July 2007 full producer responsibility commenced on the UK Government's implementation of the Waste Electrical and Electronic Equipment (WEEE) Directive. From now on all producers who manufacture, import, export or distribute affected items within the EU are to label those products with the crossed out wheelee bin symbol. The WEEE regulations will apply to non-household sources such as the following groups;

- ▶ **Producers** (any business that manufactures, imports or rebrands electrical and electronic products)
- ▶ **Retailers and Distributors** (any business that sells electrical and electronic equipment to end users)
- ▶ **Local authorities**
- ▶ **Waste management industry**
- ▶ **Exporters and reprocessors**
- ▶ **Businesses and other non-household users of WEEE**

64 03662 13mm x 15mm £25.02

64 03663 15mm x 20mm £29.01

Cable label

64 03664 15mm x 20mm £39.69

HOW TO ORDER YOUR LABELS

Step 1:

Take the unique code for the label of your choice. e.g. 64|00165/F

Step 2:

Choose the amount of labels you require. e.g. 250

Step 3:

Order your roll of 250 labels using the unique code followed by your chosen amount.

e.g. 64|00165/F /250 Price: £62.51

Safety Labels

GOOD TO KNOW

Labels are manufactured from high-performance self-adhesive vinyl with hot foil impressed texts or logos, and over-laminated with clear polyester protection for a wipe clean surface. All labels are individually cut for easy application.

Labels supplied in full rolls of 500 or 1000, or in strips of 20, 50 or 100.

When ordering please add /20, /50, /100, /500 or /1000 after reference number.

Example:

Quote ref: 44039/50 when ordering label 44039 and requiring a strip of 50.

General Safety Labels

Self-adhesive labels supplied in either full rolls of 1000 or 500, or in strips of 20, 50 or 100. For Custom Made labels call our Sales Team for advice on 01737 774077.

CLP Regulation

The new European Regulation on Classification, Labelling and Packaging of Substances and Mixtures (EC1272/2008), known as the CLP Regulation, came into force in January 2009. Since 2015 this legislation has been agreed and applied to all EU member states.

Supplied in strips of 20 or in rolls of 100 labels. When ordering please add /20, or /100 after the reference number. See price grid below for prices.
