Regardless of whether you offer medical treatments, aesthetic procedures, massage, sports, or complementary therapies, it's essential that your clients experience the professional service and comfort they deserve.

Avalon boasts an outstanding range of high-quality, UK-manufactured, fully electric couches, at very competitive prices.

Client comfort is essential for securing repeat business, and the couch utilized for treatments, procedures, or therapies significantly influences the clients' perception of your business.

With such a substantial investment, reliability is paramount. Not only does Avalon provide exceptional customer service and aftersales support, we also offer exclusive services, including regular maintenance, repairs, and next day delivery of spare parts, should you ever need them.

All couches are supplied with a three-year warranty, giving you the confidence and peace of mind you desire.

- 5 Star Customer Reviews
- 3 Year Warranty
- Exceptional Customer Service and Aftersales Support
- Maintenance Service Contracts Available
- Loyalty Scheme
- Interest Free Payment Plans

Ideal for facial aesthetics, beauticians and hair transplant surgeons. The Harley range boasts the added bonus of an extended head rest, which takes the overall couch length to 198cm. It features a head support cushion & contoured corners, which enables closer access to the client, while ensuring maximum comfort and support to the back of the neck.

- Table Length 198cm (78")
- Standard cushion side 27" width x 3" depth (as priced below)
- Please see optional extras for further cushion sizes available
- Available in all cushion colours (please refer to website/brochure for colour guide.)
- Framework available in white or black
- Head support cushion included as standard, featuring a face hole beneath when removed

Curve Range

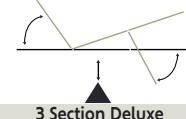

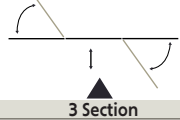

MADE IN BRITAIN

This Avalon range features the added benefit of curved, narrow cushions, which allow the surgeon closer access to their patient, whilst carrying out hair transplant surgery, or any other treatment that requires extremely close contact.

- Table Length 182cm (72")
- Widest part of the couch is the foot section, measuring 23" (59cm), narrowing in at the waist and upper body to 17" (43cm)
- Available in all cushion colours (please refer to website/brochure for colour guide).
- Framework available in white or black
- Face cradle and arm support set included as standard

Product Name	Description	Price (Net)	VAT	Price (Gross)	Optional Extras (inc VAT)

Multistyle Base

Combining superb style with smooth, fast practicality.

The Multistyle range has been developed in collaboration with a leading-edge spa designer, and boasts fully electric adjustment, with all moving parts elegantly encased within a sculpted fibreglass base. The height adjustment ranges from 22" (56cm) to 38" (97cm), and is operated through a central vertical lifting system. This leads to one of the key features of the multistyle base, which is the compact footprint that it maintains during your clients' treatments, as no additional floor space is needed whilst adjusting the height of the couch. Clients experience the luxury, comfort and relaxation they seek and deserve; therapists enjoy easy adjustment and maximum legroom during seated treatments.

The multistyle base is available on all Avalon Couches (excluding the Avalon Beauty). The cost to upgrade to this model is £600 + VAT
