## 9000P (b)

Carbon steel, white-glazed  
with push button.

## 9000A (b)

Carbon steel, white-glazed  
automatic.

## 9000P (l)

Stainless steel, bright,  
with push button.

## 9000A (l)

Stainless steel, bright,  
automatic.

## 9000P (o)

Stainless steel, brushed,  
with push button.

## 9000A (o)

Stainless steel, brushed,  
automatic.

## 9000P (a)

Carbon steel, black-glazed,  
with push button.

## 9000A (a)

Carbon steel, black-glazed,  
automatic.

## 9000P (g)

Carbon steel, yellow-glazed,  
with push button.

## 9000A (g)

Carbon steel, yellow-glazed,  
automatic.

# HIGH PERFORMANCE WARM AIR HAND DRYERS

**Made in Italy**  
Italian design  
and technology

**Thief-proof**  
Thanks to special  
screws

**Test certificate**  
Every dryer is supplied  
with test certificate

**Vandal-proof**  
Thanks to the compact  
and sturdy structure

360° revolving nozzle

**Long Life**  
Statistically over  
15 years

**Super Power**  
Major power,  
guaranteed by  
the new motor

**Temperature**  
Constant temperature

**40° Anniversary**  
MG HAND leader of  
the market for more  
than 40 years

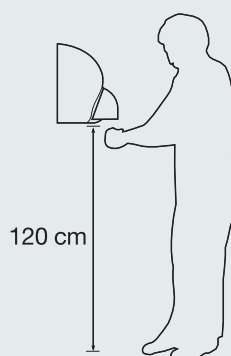

Tested quality

## Technical Details

Functioning	Push button or photocell	Overall power absorption	2250 W
Cover material	Carbon or stainless steel	Air speed	105 Km/h
Base material	Aluminium	Air flow at nozzle outlet	4,3 m <sup>3</sup> /min
Net weight	8 Kg	Ingress protection level	IP21/IP23**
Supply voltage	220/240 V - 110/130 V	Noise level at 3 mt	63,9 dBA
Main frequency	50/60 Hz	Electrical protection level	Class I
Absorption motor/n° revolutions	250W/5.500 rev./min	Quality marks	TUV/CE/UL    
Heating element absorption	2000 W		

\*\* IP21 Revolving nozzle - IP23 fixed nozzle
