Welcome to Marla Custom Blinds, where service is at the heart of everything we do for you

Blinds will transform your conservatory into a room you will want to enjoy, all year round. So we want to make sure that when you choose your conservatory blinds company, it's the right one. Of course we will be delighted if you choose Marla Custom Blinds, but truthfully, we want you to be 100% sure about your decision before you make it.

A specialist blinds manufacturer local to you

Founded in 1995, Marla Custom Blinds is a family run business with manufacturing facilities based in Hampshire and a network of outlets across the UK, supplying and fitting top quality conservatory blinds of all shapes and sizes, for both domestic and commercial customers. Importantly, we deliver a level of service that's personal, considerate of the needs of our customers and above everything else, local.

Meticulous quality control from order to installation, local and beyond

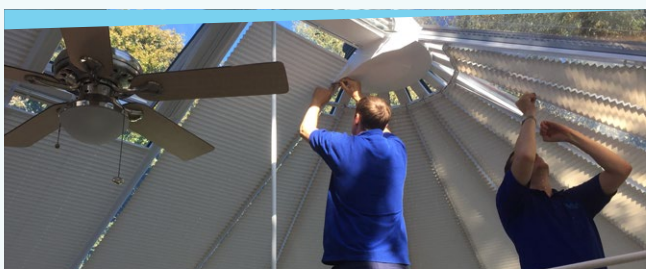

All our blinds are manufactured to order at our Fareham-based factory and we use fabrics and components sourced from a wide range of suppliers to guarantee lasting good looks and faultless operation. It's incredibly important to us that you can go on enjoying your conservatory blinds for years to come, without worrying about deteriorating parts or noticeable wear.

To guarantee our workmanship meets the highest standards your blinds will be inspected at every key stage during assembly, including a final inspection before delivery.

Installation is then carried out by our experienced fitters and every last detail of the job will be carefully prepared before arrival. So there will be no delays, no missing parts, and no surprises. The last thing you need is for your beautiful blinds to be installed unprofessionally or to have your home left in an untidy state.
