

A photograph of a rooftop terrace featuring modern outdoor furniture. In the foreground, there are several armchairs with light-colored cushions and a small white table. A large potted plant with green leaves is on the left. In the background, a city skyline is visible through large glass windows. A large, stylized 'X' graphic is overlaid on the image.

RATTAN & CANE

A strong trend for 2019 they are perfectly suited to outdoor use. Rattan is traditionally woven from climbing vines that can be twisted and shaped to create robust, weatherproof furniture. Alternative synthetic fibres have been developed for added durability and easy maintenance. At Hill Cross we are proud to offer both synthetics and natural variants within our Rattan and Cane range.
