

Simmons

Plant & Industrial Machinery Handling

Contract Lift Crane Hire

About us

Simmons started as a family business providing contract crane hire and rigging services in 1990. Since then we have grown and become a well established, professional company now providing specialist plant and machinery handling solutions and contract crane hire throughout the UK and Europe.

We have a highly motivated, skilful and extremely reliable workforce who help project our very professional image. Our workforce are second to no-one in terms of skill and client satisfaction with a combined experience of over 200 years.

We are confident that we will provide you with the expertise to evaluate and define the scope of your project.

Plant and Industrial Machinery Handling

Where standard solutions do not exist we offer a bespoke service with full project management.

We carry a large inventory of load moving equipment, which provides protection from injury to our operatives and is also speedier and cost efficient for our customers.

Irrespective of the size, shape or fragility of your plant, **Simmons** can deliver this service throughout the UK and Europe.

We also undertake plant dismantling and disposal.

Plant and Industrial Machinery Handling

Typical of the heavy equipment we move, offload and position are:

- Generators
- UPS (Battery and Rotary)
- Industrial Chiller Units
- CRAC units
- LV/HV Switchboards
- Transformers
- Autoclaves
- Engineering equipment
- Downflow/Upflowa/c units
- Glass manufacturing equipment
- Artwork
- Statues
- Forklift trucks and plant hire equipment
- Piling rigs

Transportation & Storage

Simmons can arrange to safely transport your equipment by road. As a Fleet Operators Recognition Scheme (FORS) accredited company our transport fleet is regularly audited by external auditors.

We also provide safe, dry storage of your materials and machinery at our own premises in Surrey ready for **'just in time'** deliveries.

Our facility is covered by CCTV and monitored alarms.

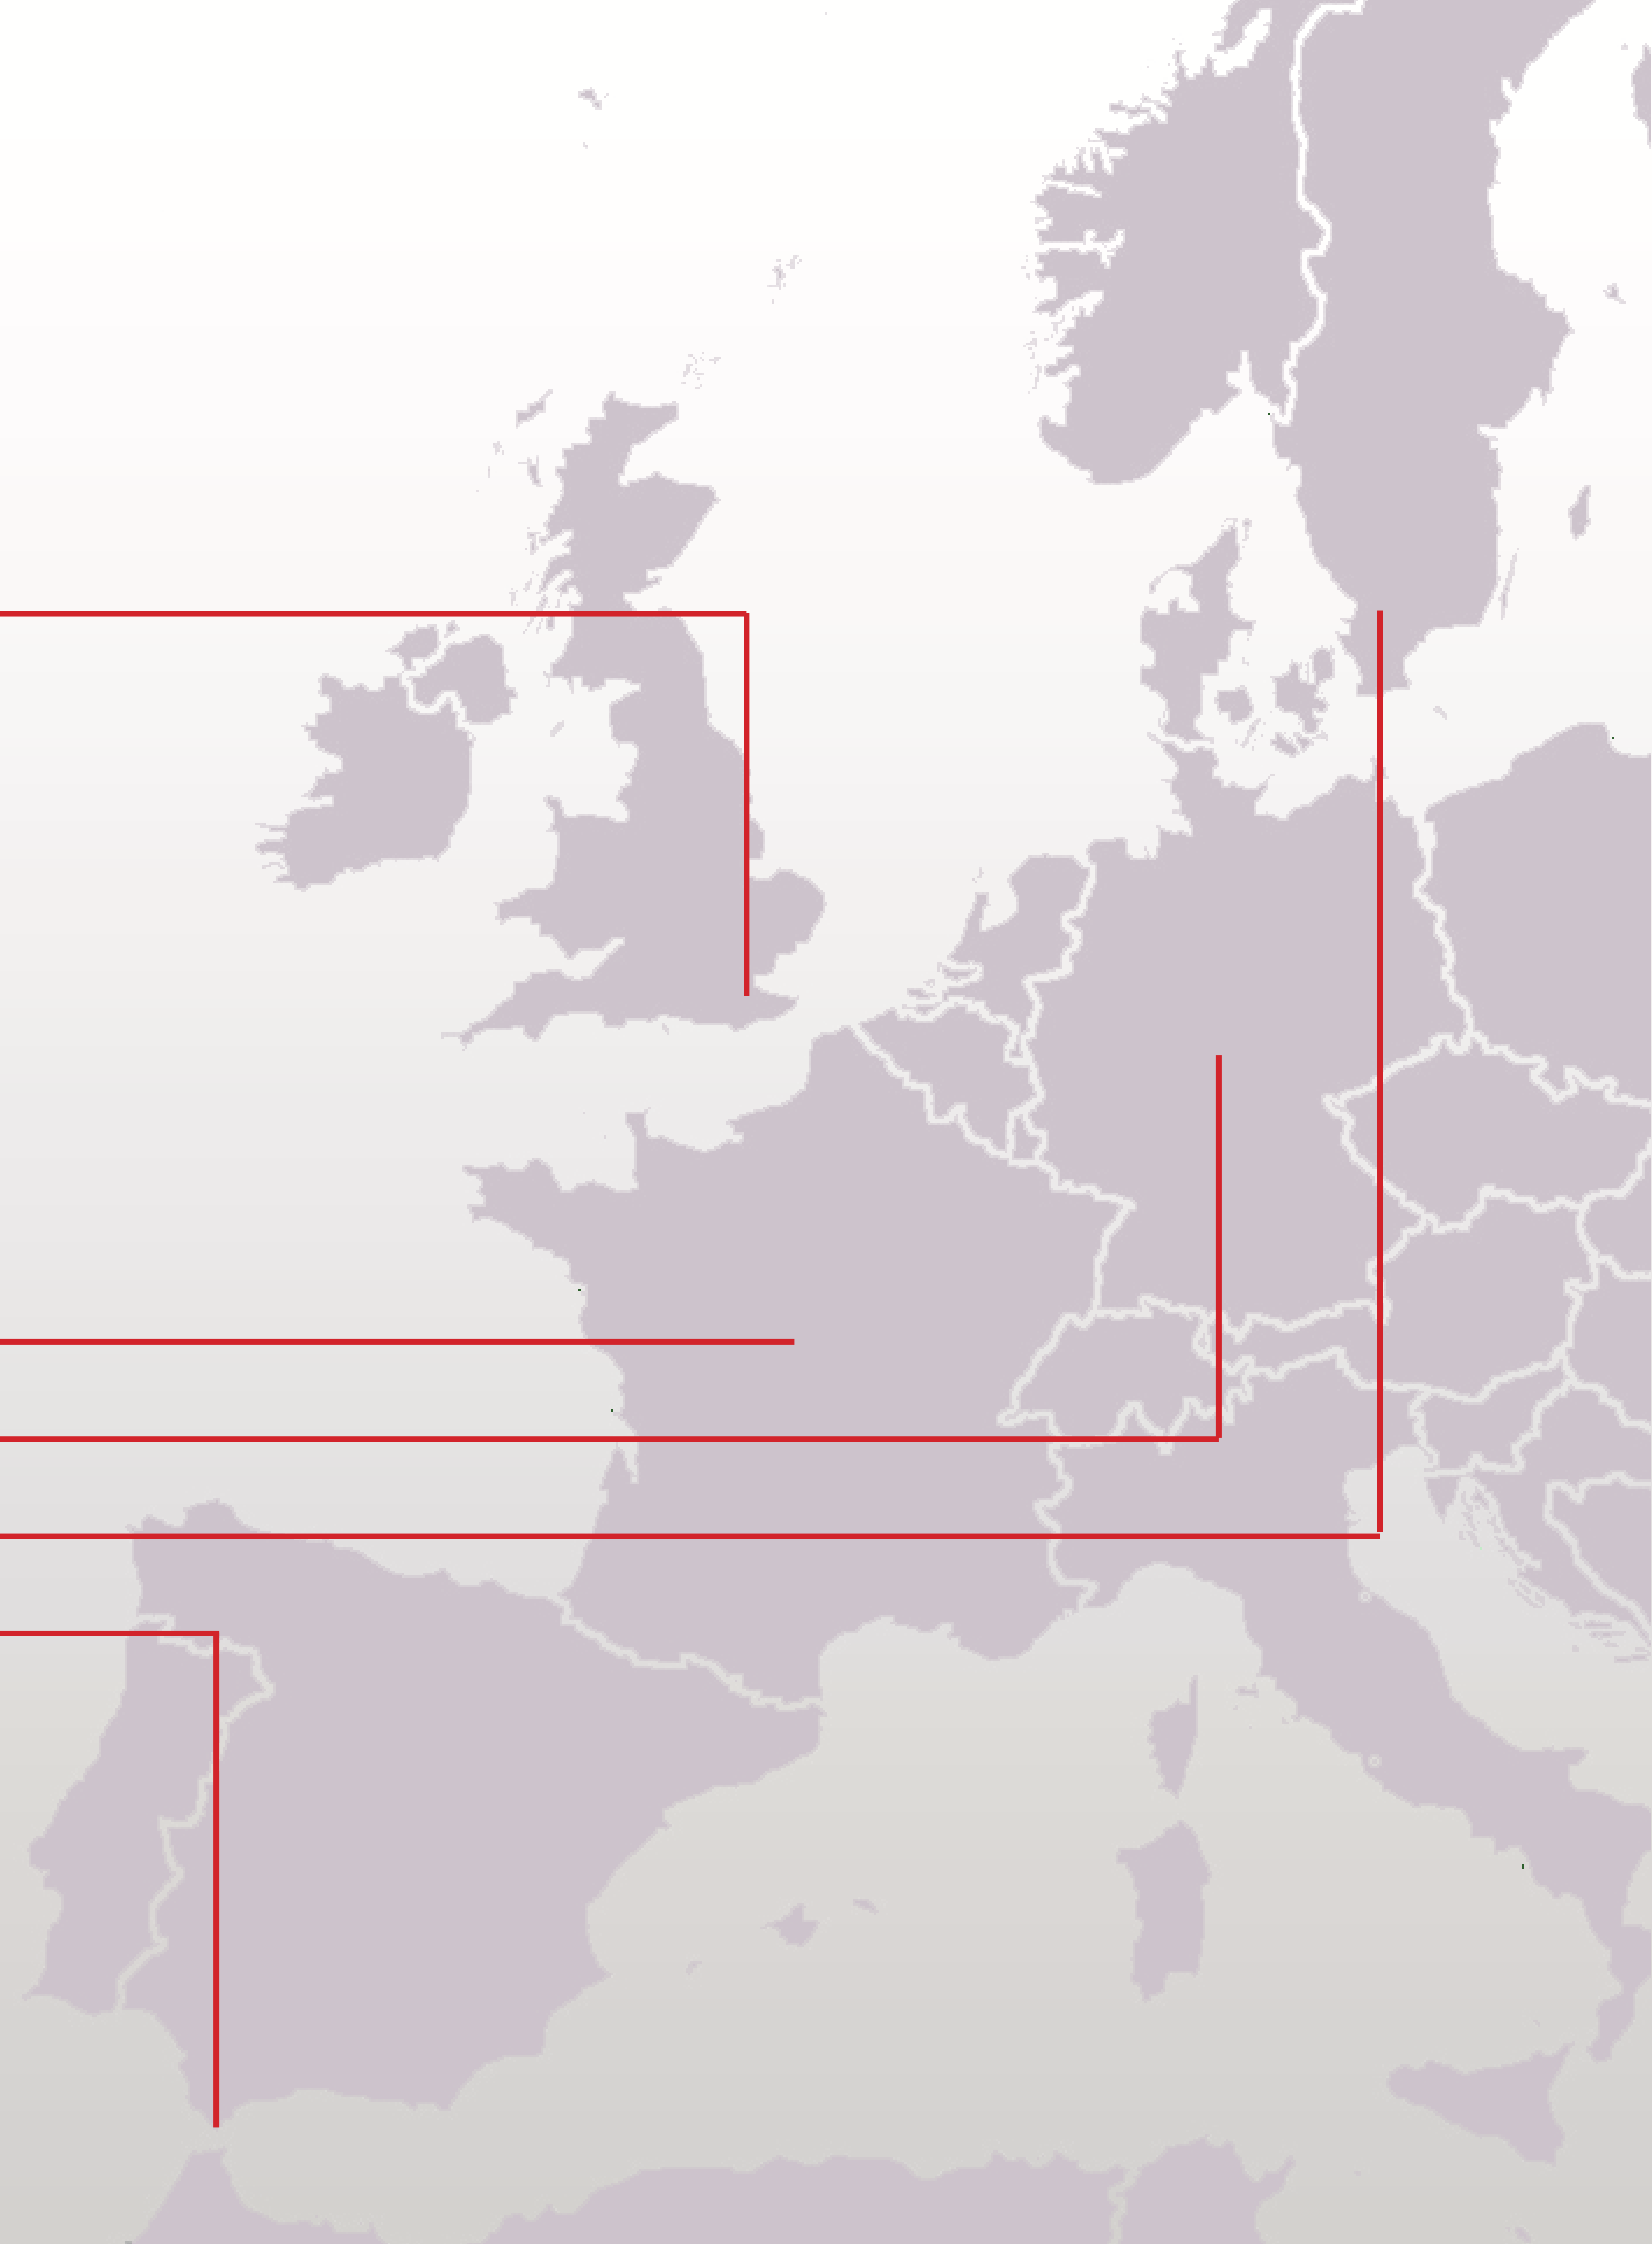

Locations We Have Worked

From our European Head Office in Surrey, England we co-ordinate all of our European work.

We have experience of working throughout the United Kingdom and many European countries including;

- France
- Germany
- Sweden
- Gibraltar

New Project ?

We welcome the opportunity to work with you on your next project.

Please contact us when that project comes up. Let us help you plan a safe, cost efficient job.

Our site surveys are FREE OF CHARGE*

** UK Mainland only*

Advisory Services

Simmons provides comprehensive range of services that draw upon our experience in the world of lifting and Occupational Safety & Health. Choose from:

- ✓ Lifting Assurance – if you are not familiar with the complexities surrounding lifting operations we can check the lifting plans produced by your contractors to ensure that the lift is safe and does not conflict with other work you may have planned.
- ✓ Incident Investigation – we can provide different levels of investigation dependent upon the scope you desire, followed by an full report and executive summary using industry respected software.
- ✓ Plant Replacement Strategy – who better to advise on the final M&E plant installation design but the people who do the plant handling. With years of experience in Plant Handling and in the field of Risk Management we can offer the best advice and, when needed, solutions.
- ✓ Training – we offer bespoke training packages for all our clients.
