

# Mudfords

Trusted Since 1832

## About Us

Mudfords was founded in 1832 by John Mudford. The firm continued to thrive under the successive members of the family's management. Today – 180+ years and seven generations later, Mudfords manufactures and merchants a large range of industrial textile products. Our range includes; tarpaulins, lifting slings, ropes, hessian, frost protection, ratchet straps and bespoke made covers for the haulage and construction industries. In 2018 Mudfords became part of the Stuart Canvas Group which allows the company to supply new ranges of product to its valued clients.

At Mudfords we aim to supply a straight-forward, no-nonsense service together with a wide range of modern quality products at competitive prices.

# Haulage Products

## Tension Curtains

We can offer a range of haulage curtain options. Using only the best panama weave PVC, we have been producing curtains for the transport industry for over 50 years. We have built a reputation for producing bespoke products to suit your requirements.

We produce custom curtains from heavy duty 900gsm UV stabilised PVC to suit your requirements.

- Horizontal or vertical build
- Front & rear tensioner
- Vertically tensioned or strap pocket
- Custom printing
- Full range of colours in PVC & straps
- Pocketed curtains

Our pocketed curtains are made from 900gsm PVC with eyelets every two feet. Designed and manufactured curtains for:

- Straight decks
- Sloping 7 curved fronts
- Double decks
- Rigid trucks
- Insulated curtain sides

## Signwriting & Custom Printing

Tension curtains offer the perfect place to advertise to thousands of people as your lorry's make their way up and down supply chain routes across the UK and beyond. We can offer a full in-house design and manufacture service for tension curtains to ensure they really stand out on the road.

We can sign write company logos and wording which you require directly on to the curtains by our highly skilled in-house expert team of sign-writers.

We can also offer a full-colour digital print service. This allows for large high definition images and complex designs to be printed on the curtain material. All of the printing design work is completed in-house to ensure that our highest levels of quality control are met.

Our teams in Sheffield and Warrington have the capabilities to produce one off designs to entire fleets.

## Rollover & Filter Sheets

### Rollover Sheets

We produce replacement rollover sheets from high quality grade PVC which is durable, weatherproof and UV stabilised to reduce colour fading. Our rollover sheets are made to measure to ensure the correct fit for your tipper unit. Made from a minimum weight PVC of 580gsm up to 900gsm. Our covers are competitively priced and won't be beaten on quality.

### Filter Sheets

Our filter sheets are made from breathable material which is highly durable and are made with reinforced roped hems. Our filter sheets are ideal for the transportation of sawdust and other fine materials. Filter sheets can be used in conjunction with PVC rollover top sheets to create a secure and weatherproof cover.

## Trailer Covers

At Mudfords we can produce trailer covers to suit any size from a standard boxed to bespoke to pick up. All of our covers are made-to-measure and produced to the highest specification. Our waterproof trailer covers are competitively priced and made from a minimum weight of 580gsm to a maximum of 900gsm PVC.

The covers can be produced in a variety of colours and as standard will come complete with reinforced hems, eyelets and shock cord. We can provide branding on the cover with our in house printing room to promote your business, either printing directly onto white PVC or using high-quality vinyl stickers on coloured PVC. This is an excellent opportunity to promote your company logo or website.

For local customers, we can arrange a site visit to measure your trailer, or simply have someone bring the trailer to one of our units in Warrington & Sheffield to have a member of our technical team to measure.

We also specialise in producing covers for Williams trailers and keep stock of certain models, contact us to find out more.

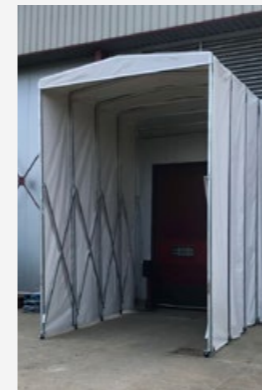

## Retractable Tunnels

Our retractable tunnels offer great protection from the elements when unloading goods. They can serve as an extra storage facility, whilst offering an economic weatherproof shelter which is easy to operate and manoeuvre if required.

Tunnels can be branded to promote companies or goods and the main PVC body comes in a variety of colours to suit. Items are ideal to maximise storage space and can be produced on wheels (fixed or swivel) or in a fixed / lift proof tracking if required.

Whether large or small, fixed or retractable, we can offer a solution to your storage needs and advise on how to create the best additional work space both internally or externally. Our Tunnels can be produced as a mobile or static workshop and can be designed to be easily dismantled and assembled should they need to be relocated in the future.

Visit our partner company website to see videos of our tunnels in action.- [www.stuartcanvas.co.uk](http://www.stuartcanvas.co.uk)

## Factory Screens

We have over 100 years of experience in specialising and supplying all types of factory screens all at competitive prices. We can manufacture your screens to any size and provide a professional installation service. Our experienced team will be able to help if you need specialist factory screens for your premises. Display professionalism with one of our first-class factory screens at a price you can afford.

## Pallet & Stillage Covers

Our Pallet, Stillage and Dunnage Covers are ideal for protecting products in storage or during transit. This type of solution allows products to be fully weather protected and is ideal for outside storage. Our pallet and stillage covers are widely used across the automotive and construction industry and have proven to offer significant return of investment to our clients who offer supply chain services.

All our covers are reusable and is a fantastic way of promoting your green credentials. Using our protective covers is a great way to reduce shrink wrap usage, as they can be used time and time again.

## Bespoke Covers

At Mudfords we can produce a range of bespoke covers to suit your requirements, including: Trailer Covers, Machine Covers, Plant Covers, Custom Tarpaulins, Pallet & Stillage Covers, Rail Covers and Haulage Covers.

Company branding and logos can also be applied to our bespoke covers. Stencils, logos or coding can be used which can certainly help promote brand awareness or for visual identification e.g. country of origin, date of manufacture, part numbers and cost centre codes, as our printing is done in-house.
