INSTALLATIONS AND INTERIOR FIT OUT SOLUTIONS

BED INSTALLATIONS

Once you have chosen the most suitable bed for your residents' needs, the Andway team can offer both delivery only and a deliver and installation service. Bed training and maintenance is also available for a wide range of beds for complete peace of mind.

FURNITURE ASSEMBLY AND INSTALLATIONS

If you do not have your own in-house maintenance teams we will be delighted to offer our assembly and installation service throughout the UK

REFURBISHMENT SERVICES

We know how just how important a refurb can be to the morale of your team but can also prove to be stressful and need a great deal of thought and planning.

Andway aim to take all the stress and hassle out of a refurb. We offer a full site survey service and will help with the choice of furniture and fittings and how each item will benefit both your team and residents alike.

We have a wide range of samples and examples and will work with you until you are completely happy with your choices and budgets.

SERVICE AND MAINTENANCE

Andway Healthcare have a dedicated servicing department committed to providing the highest levels of service to your care homes. We are trusted by some of the UK's largest care home groups with ensuring their equipment is repaired and maintained to industry standards

enabling them to focus on their core business of caring for the elderly and disabled.

All servicing is carried out to industry standards including LOLER inspections, our engineers are thoroughly background checked and fully qualified to carry out equipment servicing and repairs. The department offers a nationwide service for all brands and are able to repair on and off site as required.
