

900H POWER

The 900H Power is a 24V Lithium-Ion battery operated, motorised evacuation chair. The Powered Belt Track System reduces manual handling and enables upward and downward evacuation. Quick, compact and easy to operate it facilitates a smooth and safe method of evacuation for the mobility impaired.

FEATURES:

- 1 Easy To Use Control Pad**
Enables the user to control the speed and direction (upward/downward) of the evacuation.

- 2 Head Support**
Supports passengers head and neck for increased comfort.

- 3 Pushing Handles**
Enables the chair to be easily manoeuvred on flat terrain.

- 4 Powered Belt Track System**
Reduces manual handling and provides a smooth upward/downward evacuation.

- 5 Arm Rests**
Provides passenger support and assistance.

- 6 Safety Belt**
Secures the passenger into the chair.

- 7 24V Lithium-Ion Battery**
Powers the chair upwards and downwards. One full charge will last for 150 flights of stairs.

- 8 Ascending Control Handles**
Enables a 2nd person to assist in the operation, if required.

- 9 Foot Rest**
Provides a secure place for the passenger to rest their feet, during evacuation.

SPECIFICATION:

Height	1120mm (folded)	1600mm (unfolded)
Width	520mm (folded)	520mm (unfolded)
Depth	270mm (folded)	1220mm (unfolded)
Weight	32kg (with battery)	30kg (without battery)
Payload capacity	160kg	
Motor	200W (power)	24V (voltage)
Average Speed (m/s)	0.2 (ascending)	0.3 (descending)
Battery Life	90mins (usage)	3-5 years (life span)
Charge Time	5 hours	

BENEFITS:

- + Quick and easy to use
- + One person operation
- + No heavy lifting required
- + Fire retardant
- + Quality and safety checks throughout manufacture
