

TM Electronics (UK) Limited

# Building Management Temperature Range

## Thermometers and Probes from TM Electronics (TME)

TM Electronics is a leading UK manufacturer of high accuracy thermometers and probes, supplying the building management industry for more than 20 years.

In all buildings, correct temperature is critical for both the health of the building and for the wellbeing of its users.

- Servicing heating and cooling systems
- Monitoring water temperature for the prevention of Legionnaires' disease
- Controlling the storage of temperature-sensitive stock
- Monitoring ambient room temperatures
- Performing energy audits

Regular use of quality thermometers and probes is essential for monitoring building services and for meeting health and safety regulations eg ACoP L8.

## When temperature matters, choose TME and see the benefits

- Quality you can afford
- Robust UK manufacture
- Quick and easy operation
- Specialist kits for service engineers
- FREE expert advice
- No minimum order requirement
- Next-day delivery
- Low-cost servicing, calibration and repairs

We supply off-the-shelf equipment or bespoke designs to suit all budgets, with volume discounts as standard.

Don't put it off any longer – get a FREE quote today.

# Building Management Temperature Range

## Waterproof thermometers with specialist probes

### MM2000 Waterproof Range

Robust, high accuracy thermometers

● Single input **£95.00**

● Dual input **£125.00**

### ● KM03 Immersion Probe

Robust, fast-response for water temperature

**£32.00**

### ● KS01 Surface Probe

Robust, fast response for surface temperature

**£31.50**

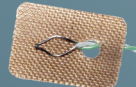

### ● KS01-S Dual Purpose Probe

Unique 2-in-1 for surface/immersion

**£65.00**

### ● KPA01 Fine Wire Probe with attachment pad

**£4.75**

### ● KVEL01 Velcro Pipe Probe

**£25.00**

### ● KPS10 Clamp Probe

**£24.00**

Bespoke heat & vent kits available  
Ask for details

## Specialist Kits for HVAC and Legionella Risk Management

### Facilities Management Kits

Convenient and robust

#### ● Waterproof Thermometer

#### ● KS01-S Dual Purpose Probe

#### ● Belt/Shoulder holster Other probe options available

● Single input **£160.00**

● Dual input **£185.00**

### Legionnaires Temperature Kit

Standard kit for legionella testing

#### ● MM2000 Single Input Thermometer

#### ● Surface/immersion probes

#### ● Carry case

**£188.50**

### Premier Legionnaires Temperature Kit

Ideal for monitoring multiple outlets

#### ● MM7000 ThermoBar Scan Thermometer

#### ● Surface/immersion probes

#### ● Software included

#### ● Carry case

**£525.00**

## Equipment for fixed and multi-point temperature monitoring

### ● Large digital display thermometer

Prominent 5 inch LED display ideal for large rooms, halls, swimming pools

**£675.00**

### ● Solar digital display thermometer

external sensor solar powered

**£9.75**

### MM7000 ThermoBar Scan Thermometer

Scans barcodes, logs temperature, date, time and product/location, downloads to PC/PDA/Mobile

#### ● Software included

**£375.00**

### ● TFS01 Cold Store Simulant Probe

Mimics the temperature of stock more accurately (requires connection lead)

**£22.50**

### ● Data Loggers

Compact digital loggers for temperature and humidity

**From £35.00**
