

# ANTIBACTERIAL RANGE

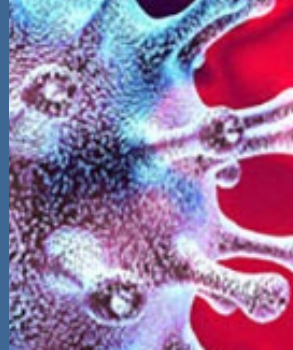

## HARFIELD

QUALITY TABLEWARE SINCE 1961

**Our popular range of antibacterial tableware is:**

- Biomaster protected - a permanent protection against harmful bacteria, fungi & mould.
- Proven to inhibit the growth of bacteria by up to 99.9%.
- The antibacterial properties are intended to last the lifetime of the product & will not leach out.
- Microwave safe for reheating.
- Virtually unbreakable.
- Dishwasher safe.
- 100% recyclable.

We can now confirm that Biomaster is active on both porous & non-porous substrates against SARS-CoV-2, the virus that causes Covid-19.

Non-porous substrate, such as polycarbonate tableware, with Biomaster protection showed:

- **60% reduction of SARS-CoV-2 in 2 hours.**
- **>99% reduction in 24 hours.**
