ABOUT THIS SERVICE

HARFIELD

QUALITY TABLEWARE SINCE 1961

www.harfieldtableware.co.uk

Sustainability is vitally important for us and so we are very pleased to announce that we are now launching a free recycling service for our customers.

HOW THE PROCESS WORKS:

- Email us at info@harfieldtableware.co.uk to request a recycling form.
- Return your form and we will contact you to confirm what to do next.
- We will collect your Harfield or Roltex products free of charge if you spend £100 or more on Harfield tableware, purchased from us directly or via one of our distributors.
- We will arrange for your tableware to be recycled.
- We will send you a certificate for recycling with us.

PLEASE NOTE:

- We can only recycle products that have Harfield or Roltex names on the base.
- We can recycle all products with Harfield or Roltex on the base, excluding Roltex laminate or polyester trays.
- We cannot recycle Kristallon or other brands of polycarbonate.
- We cannot recycle melamine or other types of plastic or kitchenware.
- Non Harfield products cannot be recycled and an invoice for £50 minimum would be raised for the delivered and non-recycled goods.

You are welcome to return Harfield goods to us to be recycled at your own costs without purchasing more product from us.

Providing a greener tableware solution to our customers is a key aspect of our philosophy and we pride ourselves on assisting our customers with creating a more sustainable future.
