# Customer Reviews

## Living Options

Replacement Signage...

Ken White Signs have provided us with a great product, the signs are great quality and colour matched to our logo and brand colours. Customer service was excellent, fantastic communication through email and approachable and friendly staff on installation day. Thank you!

Lydia – Marketing Officer @Living Options, Devon

## Chilcott Auctioneers Ltd

We have been extremely impressed by the service we received at Ken White Signs, and delighted with the end result: the design team responded very quickly to our brief, making amendments instantly; the turn-around time was speedy, much quicker than we expected and the quality of the van signs are both technically and visually excellent. Huge thanks to the whole, friendly and helpful team.

Liz Chilcott – Chilcotts Auctioneers Ltd

## Mole Valley Farmers

Site Signage

Excellent service - very helpful, provided support and advice through the process of design and fitting of signs across multi site and multi locations in good time.

Chris Smith – Mole Valley Farmers

# Durable, stable and sustainable....

Ken White Signs are excited to be unveiling Accoya® wood to enhance what is already a hugely popular range of timber products.

- ✓ An alternative which offers all of the best characteristics of wood, sourced from sustainable forests, has zero toxicity and provides dimensional stability and durability that matches or exceeds even the best tropical hardwoods.
- ✓ Accoya® is modified right through the whole cross section, meaning that the ability of the wood to absorb water is hugely reduced, providing us with a stable platform to produce the highest level of finish.
- ✓ All Accoya® timber is finished with a high quality Teknos coating system, the perfect partner. Providing 10 to 12 years of maintenance free performance.

# *Do you want to get lighter...*

Illumination is a great way to help bring your sign to life.

Ken White Signs offer a variety of different illumination options using high quality LED's which provide big energy savings over traditional fluorescent tubes along with a much longer useable lifespan.

Illuminated signs are not only essential if you want your company to be noticed at night, but also to draw the attention of by-passers in poorly lit areas.

One of the best features of an illuminated sign is the visibility. By utilizing the lighting customizing details, your sign will gain momentum 24 hours a day. Long after employees have gone home and the workday has ended, your illuminated sign will be attracting attention and leaving an impression with those that see it. This is marketing that will bring results!

Illuminated Signs are a great asset and our team can show you how. Want to learn more? Ask us how today!

## Diamond Estate Agents

Very happy with the service...

We can't thank everyone at Ken White signs enough for their hard work on our recent signage and re-branding. Ben and the team helped us from start to finish, listening to our ideas and helping us to refine them in to a professional brand which we are very proud of.

The team were pro-active and delivered all our orders quickly. The quality of everything is excellent, particularly our illuminated shop front signage, which is quite a feature in the town now and really helps us to stand out. Nothing is too much trouble. Communication was excellent throughout and we could not fault anything. We would highly recommend their services.

## R. W. Gale Ltd

Lettering For Front Of Unit...

Chris and everyone at Ken White Signs were excellent to deal with, right from the initial telephone call to the fitment of our lovely new signs.

Chris kept me informed on progress of our order, thank you all, very pleased! We will be needing some additional signage fairly soon, so I will be back in touch.

Dave – R. W. Gale

*Ken's middle son, Simon has been with the company since he left school in June 1986.*

In the early days he was a car-body repairer. Over the decades, as the business evolved and moved away from car body repair to focus on signage, Simon became our Workshop Director. With his years of experience, he is the go-to guy for anything from installation, manufacture, painting, spraying, sandblasting and vinyl application. As well as all of this he is a master of dry-wit and sarcasm!!

*What has been your funniest/most memorable moment at Ken White Signs?*

When I drove a car through the front of the workshop causing a multiple pile up. Was very embarrassing!

*What is the job/project you have been most proud of working on?*

The signage work on Project Pilgrim at Gloucester Cathedral.

*If you didn't work as a signwriter what would you be?*

Car Body Repairer!

*What do you like to do when you're not at work?*

Repairing cars, riding motorbikes, running, playing football and cutting grass!

*If you could pick one superpower what would it be?*

The superpower of healing.

*What is your favourite film?*

The Fast and Furious films.

*If you could visit anywhere in the world where would you go?*

I like being in the UK.

*Who is the most famous person you have met?*

Brian Hooper, the former Olympic pole vaulter and winner of 1982 World Superstars Championship! (see photo)

# On the Move this May.....

 **kenwhitesigns**  
ON THE MOVE

*Exciting times...*

The Ken White Signs team are moving in May. Just 5 minutes up the road, into a purpose designed business unit at the Hartnoll Business Centre, opposite the Tiverton Golf Club.

## SEARCH FOR THE SIGNS

Find the signage related words in the word search... but one word is missing from the puzzle.

To be in with a chance of winning a £10 Tesco gift card, email the word that can't be found to...

**angie@kenwhitesigns.co.uk** or contact us via our Facebook page @kenwhites

The winner will be drawn at random from all correct entries and notified by email. Closing date for entries is 31st March 2020.

## Bea's Teas

We were very pleased and proud to support local fundraiser Bea with a sign for her business.

Bea is raising money for Hospiscare Tiverton through the sale of her high quality, beautifully designed tea towels.

You can find Bea and her fabulous tea towels on Facebook @BeasTeas1
