

Flexible Packaging Solutions

Metallic Blue Mailers

Our vibrant metallic blue mailing bags will create a great visual impact on your customer, and are ideal for sending out garments, toys and other catalogue products.

These mailing bags incorporate a permanent self-seal closure and are made from a 55 micron metallic blue low-density polythene, making them high in strength, whilst still offering a low posting weight. They are weather-proof, burst and puncture resistant and 100% recyclable.

BMC5	175mm	x	240mm
BM01	230mm	x	355mm
BM02	305mm	x	405mm
