FEATURES

- Versatile machine for round and flat surface screen printing
- Pneumatic power machine with rodless cylinder screen stroke
- Light weight, rugged, aluminium casting machine structure
- Hardened, precision ground shaft with linear bearing give friction free machine movement
- Handy & accurate squeegee pressure adjustment
- Perfect synchronization of screen and product rotation by rack and pinion gear attachment
- Quick change over for round or flat printing

SPECIFICATIONS

Max. frame size :	280 x 600 mm
Max. print area :	160 x 400 mm
Max. product diameter :	Ø120 mm
Speed : (depends on screen stroke)	up to 1,200/hr.
Power :	110/220V 50/60Hz 30W
Air pressure :	6 bar
Air consumption :	270 Litre / Min.
Size : L x W x H	540 x 700 x 833 mm
Weight :	75 kg (approx.)
