# Polycarbonate Sheeting

**Here at Meridian we specialise in Multiwall Polycarbonate.**

Available in Clear, Bronze and Opal in sizes from 1.5m x 600mm to 7m x 2.1m.

Our roofing sheets are UV protected (co-extrusion) on one side and combine the following features:

- High impact resistance
- 10 year limited warranty
- Remarkable insulation
- Excellent structural properties
- Excellent light transmission (up to 80%)
- Solar control option
- Wide service temperature range ( 40°C to 120°C)
- Good fire resistance with no emission of toxic gases
- High architectural versatility

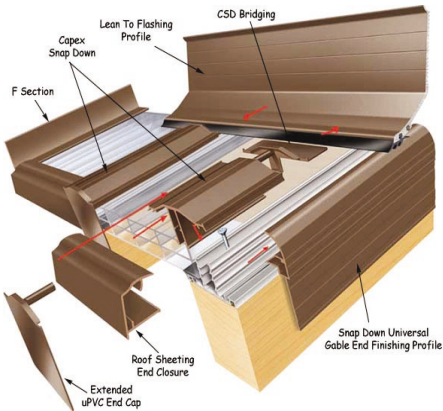

We are stockists of both Sunlite and Marlon ST branded products.

# Glazing Bar Systems

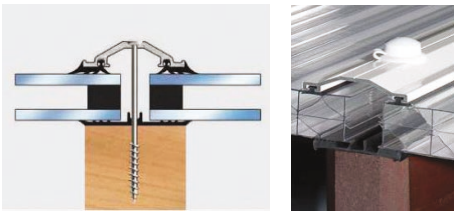

Here at Meridian we offer a range of Roof Glazing Bar Systems, for timber supported roofs, glass roofs and self support glazing systems.

## PVCu CAPPED RAFTER SUPPORTED BAR SYSTEMS

Strong and lightweight easy to fit roof glazing bars that are ideal for most applications such as lean-to's and shelters. A gable end (side trim) can be fitted to make an end bar and finish off the roof. Glazing bars and Gable Ends are available in either White or Brown PVCu and in 2.5M, 3M, 4M, 5M & 6M lengths.

- Easily fitted - snaps into place
- Heavy Duty Aluminium base section with tough UV stable upper section.
- Suitable for use with Polycarbonate 10mm - 25mm thick.
- Comes with bar end cap.

ALICAPPED RAFTER BARS

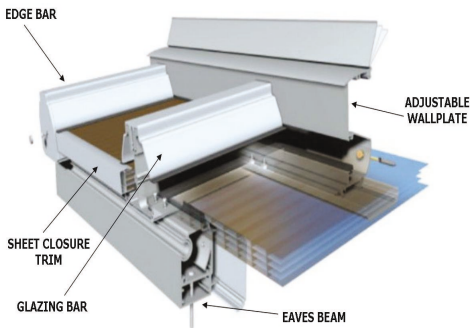

## ALUMINIUM CAPPED RAFTER SUPPORTED ROOF GLAZING BAR

A robust maintenance free glazing bar that accommodates all popular thicknesses of Multiwall Polycarbonate sheeting and is ideal for installation where extreme variations in temperature are experienced. It is also suitable for holding glass panels in roofing applications when supported on a timber joist. The bars are available in either White or Brown painted aluminium and in 2.5M, 3M, 4M, & 6M lengths.

- Aluminium capping with quality painted finish.
- Suitable for 10mm, 16mm, 20mm, 25mm & 35mm Polycarbonate Sheeting.
- Full width TPR gasket eliminates the need for aluminium base.
- Fitted with screws and cap & washer sets.

BUTYL FLASHING    FIXING BUTTONS    ANTI DUST TAPE

## SELF SUPPORT GLAZING BAR SYSTEM

Our self support glazing bar system is specifically designed as a Lean-to Roof system for use with 16 to 35mm Multiwall Polycarbonate Roofing sheet. The bars are capable of spanning up to 4 metres (set at 600mm centres) without any cross bearers (purlins). We recommend a minimum of 10 degrees roof pitch with this system.

The system includes 4 main components; Wallplate, End Bar, Intermediate Bar and Eavesbeam.

# Rainwater, Soil & Waste Systems

## FloPlast

### building the future

Floplast is a name synonymous with high quality Rainwater Systems. Floplast rainwater systems offer a wide choice of profile design, both traditional and modern, in a range of colours to suit all tastes and applications.

Here at Meridian we stock the following rainwater Systems in a selection of colours:

#### **Guttering**

Half Round, Square Line, Hi-Cap (Deep Flow), Niagara Ogee, Xtraflo (Commercial) and Miniflo

#### **Downpipe**

50mm, 68mm, 80mm & 110mm Round & 65mm Square

#### **Soil & Waste Systems**

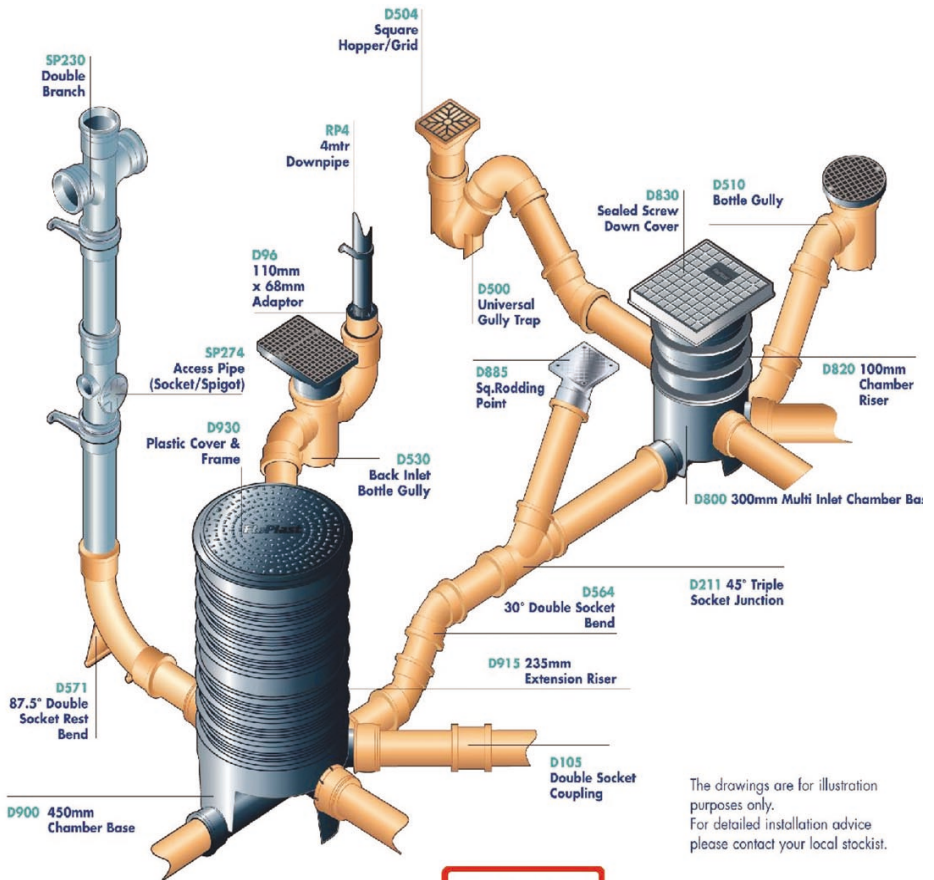

110mm Ring Seal Soil System & Drainage Channels  
Solvent Weld Waste Pipe & Fittings  
Soil Connectors & Flexiflo Connectors

# Underground Drainage Systems

# Composite Decking

Our Composite Decking range features a double-faced option that boasts both a woodgrain and grooved option to one board. It has an unique composition to replicate wood without the maintenance and hazards of a traditional timber deck. It is designed to be maintenance-free, safe, easy to install, and environmentally friendly. Composite decking is perfect for private homes, parks, recreational centres, caravan and camping sites. It can be installed at any time of the year, although we would advise installation during the spring.

We offer a 10 year guarantee on all Triton composite decking. It is available in a range of different colours, along with a range of matching accessories.

# Carports & Canopies

## Evolution Canopy

The Evolution Canopy is an exciting new system, encompassing a modern design with clean sight lines providing ease of installation. In addition, its high structural performance ensures this system is an ideal choice for domestic, DIY and commercial applications.

Can be used for; Covered Play Areas, Patio Canopies, Smoking Shelters, Covered Seating Areas, Porches. Caravan Shelters and Walkway Covers.

The system can be supplied in modular kit format as well as bespoke sizes and configurations.

## Overdoor Canopies

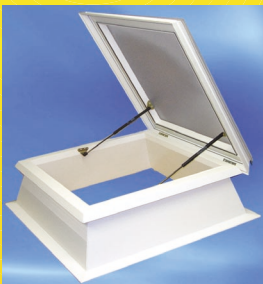

A specially selected range of over door canopies to suit every application. Easy to install. Available with twin wall or solid polycarbonate glazing with a choice of plastic or aluminium arms in a range of sizes.

# Domes & Rooflights

Our rooflights are manufactured to the highest standards and are designed to give maximum weather protection and light transmission. This range offers an integrated water management system to shed water to the outside of the rooflight. Manufactured from UV protected polycarbonate in a choice of profiles and glazing options.

Ask about our  
bespoke and electric  
opening Rooflights

A range of fixed and opening domes are available from stock. Custom domes can be made in 10 working days.

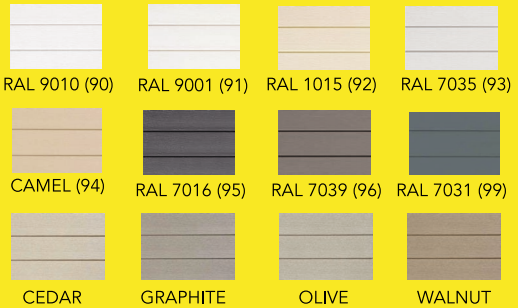

# DURASID®

easy lasting sidings

Durasid is the perfect aesthetic cladding for side faces, gables, bay windows, dormers, garden sheds, pool houses, and other constructions. It offers a wide range of applications for both new build and renovations.

Made from rigid foam PVC Durasid Cladding does not require sanding, painting or oiling to retain its beauty. PVC does not splinter and does not absorb water, making it virtually impervious to algae and moss growth.

A selection is featured here but we do offer the full range. Please call for details.
