# Don't Get Caught Out This Winter

The winter of yester year is potentially a long distant memory, but the reality was devastating. The country came to a grinding halt, but more importantly so did your Business.

Your vans, lorries, and forklifts were all struggling to move around your service yard to carry out the most simple of tasks, but with a Snow Plough and Towable Gritter fitted to your Forklift your business will continue to thrive regardless of the conditions.

Please find to the side a range to our snow related products that are stocked ready for immediate despatch.

## Snow Plough

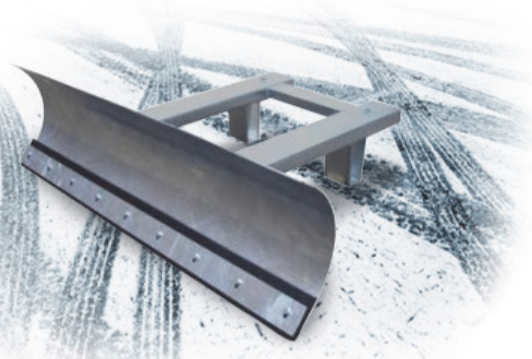

The fork mounted Snow Plough is invaluable when the clearing of freshly fallen or compacted snow is required to ease vehicle or pedestrian access i.e. car parks, access roads and service yards. Often used by our customers as yard scrapers out of the wintry months.

### Standard Features:

- Fixed left hand sweep angle - 15 degrees
- Detachable bolted wear strip
- Stand skids to ensure level scraping
- Zinc plated twist screws for safe attachment to truck
- Long last galvanised finish

### Optional Features:

- Rubber wear strip (as image)

## Mini Towable Gritter

To complement the Snow Plough the Mini Gritter hooks onto the towing eye of a counter balance forklift and spreads salt grit via a wormdrive driven by the axlewheels.

### Standard Features:

- Flow of grit regulated to ensure economical usage
- Agitator mounted in the base of hopper to minimise blockages
- Majority of parts either galvanised or stainless steel to prevent corrosion
- Painted finish - non-corrosive

## Winter Pack

Now that we have sorted the 'back of house' you can sort the 'front of house' with The Winter Pack. The Winter Pack has everything you need to clear and grit pathways, access areas, steps and any other moving pedestrian area. The Pack consists of:-

- 54kg capacity Polypropylene Pedestrian Salt Spreader.
- 200kg Grit/Rock Salt Bin
- Snow Shovel
- 3 x 25kg Bags of Rock Salt
