

# CLEANROOM WIPES

CES have an extensive range of wipes in numerous materials, formats and sizes for all grades of cleanroom environment.

# DRY WIPES NON WOVEN

Non Woven Wipes are ideal for less critical applications and are often very absorbent.

## Berkshire

ENGINEERED CLEAN

- DURX670**, popular general purpose wipes, excellent absorbency.
- Durx770**, upgraded cleaner version of Durx 670, low linting.
- BlueSorb**, general purpose wipes ideal for identifying wet areas.
- Pro-Wipes**, polypropylene wipes, ideal for use with chemicals.

Other Non woven wipes are available please contact us for details.

Part Number	Description	Size	Pack Qty	Comments
Durx 6709	Berkshire Durx 45% Polyester / 55% Cellulose	9" x 9" 23cm x 23cm	300	Low linting and absorbent
Durx 6712	Berkshire Durx 45% Polyester / 55% Cellulose	12" x 12" 30cm x 30cm	150	Low linting and absorbent
Durx 7709	Berkshire Enhanced cleanliness Durx 45% Polyester / 55% Cellulose	9" x 9" 23cm x 23cm	300	Improved cleanliness
Durx 7712	Berkshire Enhanced cleanliness Durx 45% Polyester / 55% Cellulose	12" x 12" 30cm x 30cm	150	Improved cleanliness
BS0909	Berkshire BlueSorb 750, (Durx blue)	9" x 9" 23cm x 23cm	300	Indicates wetness
PW8810	Berkshire Pro-Wipe 100% Polypropylene	8" x 10" 20cm x 25cm	100	Strong and good with many chemicals
PW7509/ 7512	Berkshire Pro-Wipe Polypropylene / Cellulose blend	9" or 12" 23cm or 30cm	150 / 75	For improved absorbency
Durx6703438R	Berkshire Durx 45% Polyester / 55% Cellulose	14" x 15" 34cm x 38cm	500 sheet rolls	On a roll, good for general areas
Durx6704038R	Berkshire Durx 45% Polyester / 55% Cellulose	16" x 14" 40cm x 38cm	500 sheet rolls	On a roll, good for general areas
GW67ST.25	Berkshire GammaWipe (Durx) Sterile, 45% Polyester / 55% Cellulose	12" x 12" 30cm x 30cm	20 sheets	Certified Sterile for aseptic areas

Other sizes available please contact us for details.

## MICROZONE™

**Microzone** 45% Polyester / 55% Cellulose, economical general purpose wipes.

Part Number	Description	Size	Pack Qty	Comments
CES6709	Microzone 45% Polyester / 55% Cellulose	9" x 9" / 23cm x 23cm	300	Cost effective
CES6712	Microzone 45% Polyester / 55% Cellulose	12" x 12" / 30cm x 30cm	150	Cost effective

Other sizes available please contact us for details.

# DRY WIPES 100% POLYESTER

For higher grade cleanrooms and critical processes 100% polyester wipes are the ideal choice to meet the wiping criteria in such environments.

CES have numerous options from different manufacturers each with sealed edge variants when the criteria demand ultra-cleanliness levels. Polyester wipes are suitable for autoclaving, alternatively please refer to the dry sterile wipes section on page 6.

Other Polyester wipes are available please contact us for details.

**Anticon 100**, laundered polyester, very low linting.

**Anticon Gold**, laundered polyester with laser sealed edges, ultra low linting.

**Milliester non laundered polyester**, ideal upgrade from non woven wipes.

Part Number	Description	Size	Pack Qty	Comments
853	Contec Milliester Polyester (non laundered)	9" x 9" 23cm x 23cm	150	Flat packed
804	Contec Anticon 100 Std' weight laundered Polyester	9" x 9" 23cm x 23cm	150	Bulk packed
805	Contec Anticon 100 Std' weight laundered Polyester	12" x 12" 30cm x 30cm	100	Flat packed
903	Contec Anticon Gold Sealed Edge Std' weight Polyester	9" x 9" 23cm x 23cm	150	Bulk packed
792	Contec Anticon Gold Sealed Edge Heavyweight Polyester	9" x 9" 23cm x 23cm	150	Flat packed
790	Contec Anticon Gold Sealed Edge Heavyweight Polyester	12" x 12" 30cm x 30cm	100	Flat packed
783	Contec Anticon Gold Sealed Edge Heavyweight Polyester	15" x 18" 39cm x 46cm	75	Flat packed

Other sizes available please contact us for details.

# Berkshire

ENGINEERED CLEAN

### Berkshire Ultraseal 3000

two ply sealed edge ultra low linting polyester for extra absorbency.

### Berkshire Polx 1200

non laundered polyester, ideal upgrade from non woven wipes.

### Berkshire Super Polx range

laundered polyester with or without sealed edges.

Part Number	Description	Size	Pack Qty	Comments
P0909	Berkshire Polx 1200 non laundered Polyester	9" x 9" / 23cm x 23cm	150	Flat packed
SP1209	Berkshire SuperPolx 1200 laundered Polyester	9" x 9" / 23cm x 23cm	150	Flat packed
SPLWSE0909B	Berkshire SuperPolx 1200 laundered Polyester light weight, sealed edges	9" x 9" / 23cm x 23cm	150	Bulk packed
SPSWSE090910	Berkshire SuperPolx 1200 laundered Polyester standard weight, sealed edges	9" x 9" / 23cm x 23cm	150	Bulk packed
MS3009	Berkshire Microseal 3000 two ply Polyester, sealed edges	9" x 9" / 23cm x 23cm	100	Flat packed
US0909	Berkshire Microseal 3000 two ply Polyester with heat sealed edges	9" x 9" / 23cm x 23cm	100	Flat packed

Other sizes available please contact us for details.

## Sterile Polyester and Polycellulose for Aseptic & GMP areas

Sterile polyester wipes are for use in aseptic cleanrooms and GMP areas where microbial control is of utmost concern.

Other Sterile wipes are available please contact us for details. Alternatively please refer to the special wipes and sponges section on page 8, 9 and 10.

**Berkshire Gamma Wipe 120**, ideal upgrade from non woven sterile wipes.

**Berkshire Gamma 300**, for ultra critical applications where sterility and cleanliness are paramount.

**Berkshire Gamma Wipe 67**, economical and highly absorbent for areas where ultra-clean wipers are not essential but where microbial levels need to be controlled.

Part Number	Description	Size	Pack Qty	Comments
GW120	GammaWipe 120 (Super Polx 1200) 100% Polyester wipe	12" x 12" / 30cm x 30cm	20	Validated sterile
GW300	GammaWipe 300 (UltraSeal 3000) 2-ply 100% Polyester wipe	12" x 12" / 30cm x 30cm	10	Validated sterile
GW67ST.25	Berkshire GammaWipe 67 (Durx), 45% Polyester / 55% Cellulose	12" x 12" / 30cm x 30cm	20	Validated sterile

Cleanroom swabs are ideal tools for cleaning in hard to reach areas and in narrow apertures. A selection of the most popular styles is shown here and numerous others are available. Different materials allow for various cleaning applications.

Other swabs are available please contact us for details.

Part Number	Description	Tip Width	Pack Qty
HT1000	Foamtec 6" / 15cm handle with Maxi Foam head	11mm	500
HT1001	Foamtec 6" / 15cm handle with Midi Foam paddle head	6mm	500
HT1002	Foamtec 3" / 7.6cm handle with Mini Foam head	3mm	500

Part Number	Description	Tip Width	Pack Qty
LTO670183	Berkshire 3" / 7.6cm handle with wrapped Polyester / Cellulose head	3mm	100
LTO70P	Berkshire 3" / 76mm handle with pointed Foam rigid tip	4mm	100
LTO70R	Berkshire 2.5" / 58mm handle with Foam rigid tip	4mm	100

# CLEANROOM WIPES SPECIAL PURPOSE WIPES & SPONGES

Where conventional wipes are not robust or absorbent enough CES have a wide variety of special purpose wipes and sponges in a choice of materials, formats and sizes. Some products are available irradiated for use in aseptic areas.

For ordering information please contact CES [sales@cesltd.uk](mailto:sales@cesltd.uk)

## **Micronova NovaPoly Wipes & Sponges**

100% Polyester with inverted hem. Sponges are two-ply with a urethane foam inner. These can be autoclaved and laundered.

## **Micronova PolyMesh Wipes & Sponges**

100% Polyester covered in a polyester abrasive mesh for the removal of difficult stains and deposits. Non shedding and can be autoclaved.

## **Micronova NovaCel Wipes & Sponges**

NovaCel wipes and sponges are constructed from white PVA and are ultra clean, can be laundered or autoclaved and withstand many strong chemicals. They absorb 25 times their own weight.

## **Micronova NovaLite Wipes & Sponges**

NovaLite sponges and wipes are constructed from a latex exterior bonded with rayon to provide a hard wearing highly absorbent wipe that can be laundered and autoclaved.

## **Micronova MegaTex Wipes & Sponges**

Megatex wipes and sponges are a non-woven textured polyamide fabric ideal for heavy soils and rough surfaces. They withstand strong chemicals and autoclaving. The sponges have a urethane foam interior.

# CLEANROOM WIPES SPECIAL PURPOSE WIPES & SPONGES

## **Micronova MittWipes**

MittWipes are a unique method of wiping hard to reach areas as they allow the wearer to clean around carts, shelving, tanks and tubing whilst maintaining dexterity and feel. Available in a choice of NovaPoly or Megatex materials with or without a foam inner.

## **Micronova NovaSpill**

NovaSpill is a cleanroom spill pillow that offers excellent absorbency and cleanroom compatibility. The 28" / 71cm cylinder is composed of polyester strips encased in a polyester sleeve. Absorbs up to 850ml of liquid and ideal for spill containment.

## **SilSat Wipes**

SilSat wipes are a polyester substrate impregnated with both medical grade silicone and IPA. The impregnated medical grade silicone removes the need to use spray lubricants in sensitive and controlled environments. Ideal for lubrication of seals and gaskets in isolators and aseptic processing support areas. Supplied Gamma irradiated.

## Vileda SpillEx

SpillEx is a disposable super absorbing floor cloth designed for fast spill removal of a wide range of water based liquids from hard floors. The super absorbent spill remover ensures fast, safe removal of liquids before actual floor mopping takes place. With SpillEx you have the most secure solution to absorb before cleaning. The spill remover absorbs 1,200 ml of water. Once absorbed, the liquid is converted into a gel, so it will not drip when lifting.

No leaking fluids, no direct hand contact, no risk of soiling the bucket water with the spillage and therefore, no risk of cross-contamination.
