

The Green Office

high quality greenery for high quality buildings

Relieve stress

Enhance surroundings

Improve air quality

Aqua-grow

THE PROBLEM

“we’d love to have a plant in the corner there, but we can’t because we must have our fire extinguishers there.”

THE SOLUTION

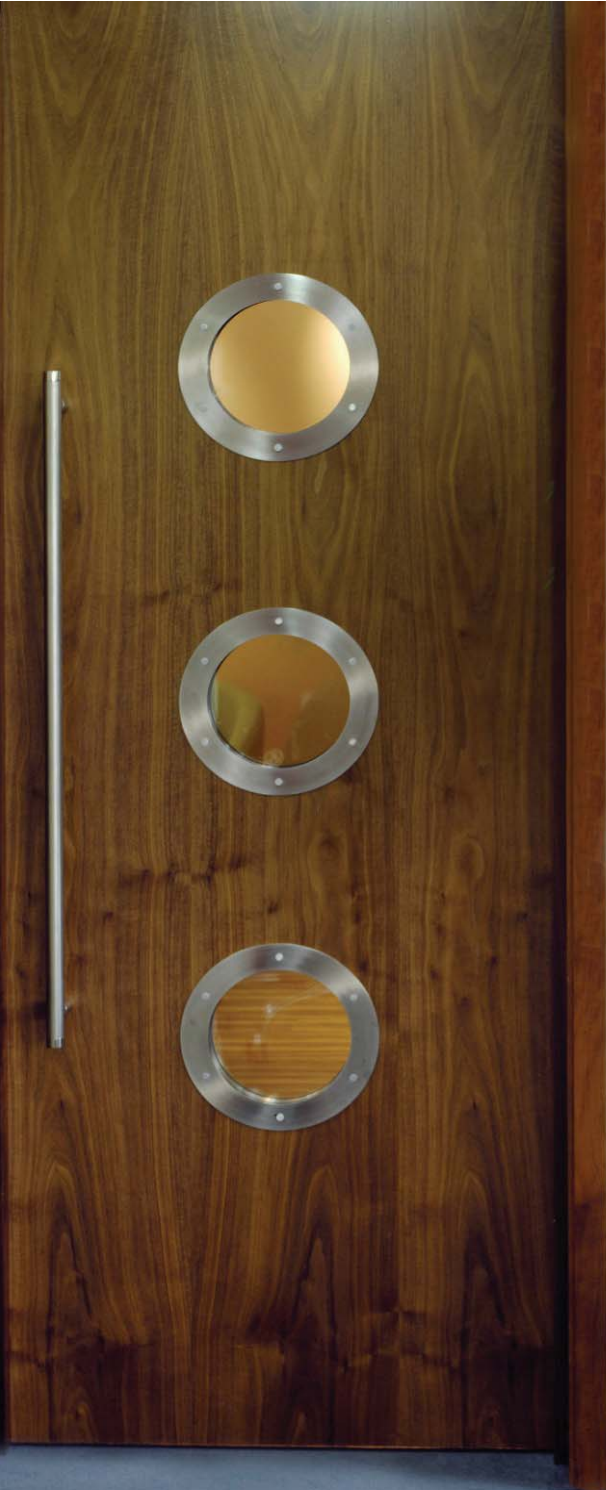

practically aesthetic

this innovative concept transforms the traditional mundane but essential units into creative and attractive displays. These are available in both GRP (which can be made up in the colour of your choice) and Stainless Steel.
