Coat Hangers – with numbering and issue tags

Coat Hooks – with numbering and issue tags

NUMBERING & ISSUE TAGS

For a busy cloakroom, a clear numbering system is essential. This needs to be clearly defined to ensure attendants can intuitively find their way quickly to any point within the cloakroom. Enabling a speedy return of the customer's coat and onto the next. All of the FS70 range of coat rails have the option for engraved numbering to the rails with corresponding issue tags.

Please specify your requirement.
