Optionally, the shoe benches can be equipped with castors, see page 33.

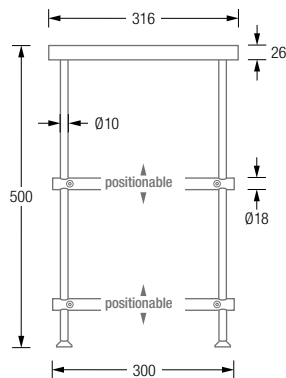

# SHOE BENCHES WITH OAK WOOD SEATS

The combination with a seat made of solid oak wood that has been oiled twice gives our solid shoe benches an additional function as a seat or shelf. The seat height is 50 cm. With shelves that can be individually positioned (stainless steel with a satin-matt finish, hand-polished) and height-adjustable feet to compensate for uneven floors. The classic and simple design can be combined with any interior and is a long-lasting companion. In combination with the PHOS wardrobes, there are many design options. Available in various standard widths.

## FLOOR CASTORS / SWIVEL CASTORS

Solid, high-quality double swivel castors (rotatable through 360°) made of wear-resistant polyamide. Very good running behavior and low driving noise. The castors will replace the feet mounted (with M6 thread) - this results in an increase of 4.5 cm. Load capacity of 50kg/roller.

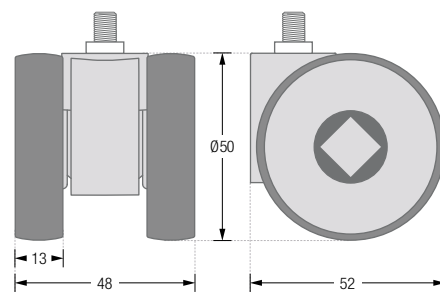

**SR-ROLLER-Set4**

Packaging unit: four floor castors, two of which have brakes.

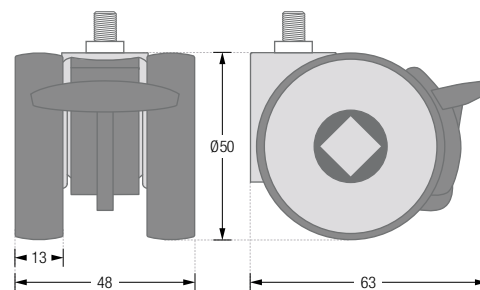

**SR-ROLLER-Set6**

Packaging unit: six castors, three of which have brakes.

Floor castor without brake:
